### Wandering Tree

IT WAS A CASE of "the tree got up and slowly walked away" with Tom Dean of 11314 123 Street. Three years ago the city planted the tree in front of his home and collected \$2.50 from Dean. Last week city moved it a block down the street. Dean wants his \$2.50.

## Man Billed For Tree And Neighbor Gets It

By Jack DeLong

Sometimes I wish that I could see The guy who carried off my tree; The tree I paid two bucks to buy. Now points up to a neighbor's sky.

The City of Edmonton is still having tree trouble.

This time it's Tom Dean who lives at 11314 123 Street. Chronologically the story goes like this:

Previous to 1945 Mr. Dean loaned and grass-seeded the side boulevard in front of his home.

One day he received a telephone call from the City Engineers' Department which informed him of the city's intention to plant ash trees in front of his home.

Mr. Dean protested, because, although I like trees I don't like them on boulevards. They take moisture and sunlight away from the grass and their roots sometimes play hob with sidewalks.

But, according to the Engineers' Department the tree-planting was part of a uniform program and would just have to be planted.

SO HE GAVE IN. What else could he do? On Oct. 21, 1945, came a bill from the City Engineers' Department itemizing "Two trees, \$5.00."

On December 28, 1945, Mr. Dean paid the city the \$5.00 and was handed a receipt for the money, which he still has in his possession.

On Tuesday of last week, while Mr. Dean was away at work the tree disappeared.

Mr. Dean telephoned the City Engineers' Department who with great speed referred him to the Parks Department, which it was said, had now been placed in charge of such matters.

"The tree must have been dead," said a man at the Parks Department office.

"Like heck it is," retorted Mr. Dean. "It's planted about a block and one half down the street in front of the home of Mr. Cliff Manary."

NEW PROGRAM "Oh yes," the Parks Department man suddenly remembered, "that's part of the new tree-planting program. We're spacing them 40 feet apart now."

"But do I get my \$2.50 back that I paid for the tree?" persisted Mr. Dean.

That question caused some perplexity on the part of the Parks Department man. Well, that's how matters stood until Monday evening.

Mr. Dean says he doesn't mind much about losing the tree, but he doesn't want the trees planted on his boulevard in the first place. But he feels there's a principle at stake in the matter.

If an ordinary citizen were to swipe a man's tree he'd be into a lot of trouble, taxpayer Dean points out.

### House Refuses To Kill Bill To Curb Communist Activity

WASHINGTON, May 18.—(AP)—The House of Representatives refused by a voice vote today to kill a bill to curb Communist activities in the United States.

It acted as it drove toward passage tomorrow of a bill that would require the Communist party to register and file financial statements annually and to inform anyone advocating establishment in the United States of a totalitarian government controlled from abroad.

### \$50,000 Fire

KAMLOOPS, B. C., May 18.—(CP)—A \$50,000 fire lit up the entire Kamloops valley early today, destroyed the sawmill and planer of The Pas Lumber Co. Ltd. just east of the city.

## Men Awarded \$21,921 For Accident Injuries

Two Ellerslie miners were awarded damages totaling \$21,921.60 in a supreme court judgment handed down Tuesday by Mr. Justice G. B. O'Connor.

The men are Peter Gill, awarded \$14,294.74, and Ernest Klatt, who was awarded \$7,626.86.

Defendant was J. Murray Jackson, Edmonton, a truck driver for the provincial department of public works.

The court action arose out of an accident November 6, 1946, on the Calgary highway five miles north of Wetaskiwin in which the truck operated by Jackson crashed into the rear of Gill's car, injuring the two miners who were repairing a flat tire.

LEG AMPUTATED Gill suffered compound fractures of both legs. One leg had to be amputated, and the other now has two fixed joints incapacitating Gill from walking except with the aid of crutches.

## WHO SAYS PARROTS HAVEN'T GOT BRAINS

NORTH ADAMS, Mass., May 18.—(AP)—After firemen thought the last of eight families was safely out of a burning block last night they heard cries of "Firemen, save me."

William Horsfall, a spectator, dashed into the burning building to the rescue.

Following the sound of the voice, he came to a caged parrot and carried him out safely.

## Russia Replies to Letter by Wallace

By Eddy Gilmore

MOSCOW, May 18.—(AP)—Prime Minister Stalin says Russia is willing, if the United States is, to accept Henry A. Wallace's recent "open letter" to him as the foundation for peaceful settlement of Soviet-American quarrels.

In a statement dated yesterday and released by the Soviet press department last night, Stalin replied to proposals made by Wallace at a political rally in New York a week ago.

"I do not know," Stalin said, in his first public pronouncement in more than a month, "whether the United States government approves of Mr. Wallace's program as basis for agreement between the U.S.S.R. and the United States."

"As far as the government of the U.S.S.R. is concerned, it considers that Mr. Wallace's program should serve as a basis for agreement and for the development of international co-operation."

Sturdy fences would be erected on each side of the traffic lanes with a steam blast fence separating these lanes from the CPR right of way.

Pratley concurs Mr. Pratley said he concurred in the general proposal of City Engineer A. W. Haddow to remove the street railway entirely from the high level bridge and replace it with trolley buses.

The two lanes of traffic on the upper deck of the bridge would be played with non-skid steel grids. The hourly capacity of the four lanes would be 7,200 vehicles.

Sturdy fences would be erected on each side of the traffic lanes with a steam blast fence separating these lanes from the CPR right of way.

RECONSTRUCT WALKS The present traffic lane on the lower deck will be taken up if the plans for conversion are adopted. The sidewalks on the bridge would be taken down and reconstructed inside the structure on the lower deck. One lane would be for pedestrians the other for bicycle traffic.

Provision would be made also on the lower deck for carrying utilities to the south Edmonton.

The plans for the bridge conversion are subject to agreement with the CPR, and negotiations are being carried on between the railway company and the city.

The city also is negotiating with the provincial government on the subject of a share of the cost of the conversion.

This cost is estimated at \$750,000.

## 16 Nippon Mines Destroyed By Navy

OTTAWA, May 18.—(CP)—Defence minister Claxton said today in the Commons that 16 Japanese mines, floating loose, have been destroyed by navy tugs in the past two years.

Klatt suffered a skull fracture and brain injury. Since then he has had one attack of convulsions and may possibly have others. If he suffers further attacks, the judgment stated, he will be unemployable in the ordinary labor market.

Apportioning blame for the accident the jurist held the miners were responsible for the crash, and the defendant two-thirds.

TOTAL DAMAGES Total of damages awarded to Gill was \$21,442.11 less one-third deducted for his contributory negligence. The total award to Klatt was \$11,440.28 which was subject to a similar deduction.

Sidney Wood of the law firm of Wood, Buchanan and Campbell appeared for Gill and Klatt.

Stunting Flyer Dives To Death WINNIPEG, May 18.—(CP)—Kenneth Johannesen, 26, crashed to his death in the Assiniboine river last night after a display of aerobatics witnessed by his parents and young wife.

He was flying a monoplane owned by the Winnipeg Flying Club, and took off from the club's field not long before the crash occurred.

Witnesses said he flew at low altitudes over the city's southwestern section, attracting the attention of hundreds of citizens, before the aircraft struck the water with its wheels, then sank.

In a 25-minute display of low-level aerobatics before the crash, Johannesen missed striking a storage tank containing 670,000 cubic feet of volatile coal gas.

## U.S. SOVIET RELATIONS ON A DIFFERENT LEVEL

MOSCOW, May 18.—(AP)—The Russian radio broadcast today a letter in which Sgt. James M. McMillin of the United States army is quoted as saying he intends to stay here "as a protest against the anti-Soviet policies of the capitalists who at present rule America."

The letter was said to have been addressed by McMillin, formerly of the military attaché's office of the United States embassy in Moscow, to the mayor of Moscow and to the United States Ambassador, Walter B. Smith, now on a holiday in France.

The letter was quoted as saying: "Living in the United States, I did not think there existed a system of government such as exists here in the Soviet Union, in which the common man is looked after and which is directed towards constant improvement of the mode of life and the culture of the people."

"The future belongs to this country. Obviously it was long ago clear to the capitalists that such a political system, where everything belongs to the people, presented a great peril to them. Only this can explain the ferocious attacks on this country by American capitalists."

The United States state department announced Sunday night that McMillin, 21-year-old son of a regular army colonel, had been absent without leave from his embassy post since Friday and added that he obviously had been "seduced and exploited by an experienced Soviet woman agent."

In Washington last night, two former Moscow buddies of Sgt. McMillin told the Washington Post that McMillin was a victim of a standard Russian practice of using fascinating women to entice American embassy men.

They said McMillin was a high priority target for the Russians because he was a cryptographer. Officials in Washington said they did not know whether McMillin had had access to secret coded information.

## She's Beautiful But No Spy, Says Her Husband

FT. RILEY, Kans., May 18.—(BUP)—An army sergeant declared today that life with his Russian wife was by no means "a fate worse than death"—no matter what the U.S. Department of State says.

Tech. Sgt. John Biconish, of Binghamton, N.Y., a student in the Army Ground General School Center here, said he was "surprised and chagrined" that the department labelled his wife, Galina Dunaeve, a seductive Soviet spy.

"She's beautiful," he said, "but in the eight months I lived with her, she gave no indication she was even interested in the Communist government."

The state department called a special news conference Sunday night to reveal that another army sergeant had deserted his embassy post in Moscow and fled with Mrs. Biconish.

Biconish said he was baffled by the whole thing. "I knew McMillin," he said. "He was in the army about four months before I left Russia in August, 1946. He seemed like a quiet, easy-going boy who didn't care for girls."

As for his wife being an experienced Soviet agent, Biconish was indignant.

"Why, Galina never at any time asked me about the embassy or my duties there," he said. "She was just a sweet, jolly girl and we got along fine. I can't understand this."

Before their marriage Mrs. Biconish was a singer and dancer with a Russian ballet.

"She was not only beautiful, the most beautiful Russian girl I saw there, but she was very friendly. I enjoyed her companionship a great deal," he said.

He said he was seeking a divorce from his wife, but only because it was impossible to obtain a visa for her to leave Russia.

"I am sure Galina and I would be happily married if she could come over here and live with me," he said.

## Taxpayers Get Annual Jolt in Budget Tonight

OTTAWA, May 18.—(CP)—Tonight the taxpayer gets his annual jolt—pleasant or otherwise, as the case may be—from the finance department.

Finance Minister Abbott tonight discloses the extent of the government's tax dip into the citizens' pockets for the current year.

A state secret now, the contents of the budget will be given to the nation by Abbott in a Commons, starting about 5 p.m. MST.

In a speech expected to run close to two hours, Abbott will tell first of the government's revenues and expenditures for the fiscal year ended March 31, 1948.

Witnesses said he flew at low altitudes over the city's southwestern section, attracting the attention of hundreds of citizens, before the aircraft struck the water with its wheels, then sank.

In a 25-minute display of low-level aerobatics before the crash, Johannesen missed striking a storage tank containing 670,000 cubic feet of volatile coal gas.

## 'Encouraging' Says State Department

By R. H. Shackford

WASHINGTON, May 18.—(HUP)—The state department for the second time in a week today rejected Russia's suggestions to start "peace talks."

In a formal statement, the department described Premier Josef Stalin's statement of his interest in peace as "encouraging," but announced that the specific issues listed by Stalin were not ones that could be negotiated between the United States and the Soviet Union alone.

The issues listed by Stalin were those proposed by third party candidate Henry A. Wallace on May 11 in an open letter to Stalin. Wallace suggested them as a basis of negotiation for ending the cold war. Stalin last night accepted them as proposals for discussion.

Today's statement went farther and blamed the Soviet Union for failure to reach agreements on most of the issues listed by Stalin. It cited especially the question of control of atomic energy.

The department has seen the press reports of a statement by Premier Stalin in response to an "open letter" from Mr. Wallace," the statement said.

OPINION ENCOURAGING "Premier Stalin's opinion that a peaceful settlement of outstanding problems is possible and necessary in the interests of a general peace is encouraging, but the specific issues listed in Premier Stalin's statement are not bilateral issues between this country and the Soviet Union."

"They are of intimate and compelling interest to many countries and have been under negotiation for the past two years or more in bodies where other countries were represented, such as the United Nations and the council of foreign ministers."

For example, the UN Atomic Energy Commission and its sub-committees have held over 200 meetings and the commission yesterday reported its inability to reach agreement.

## Indian Sought For Shooting

A 23-year-old Indian is being sought by RCMP today in connection with the shooting and wounding of 24-year-old Richard Cardinal of Vilna in the Saddle Lake district Monday.

Norman Jackson, a treaty Indian, hailed from the Saddle Lake reserve about 100 miles northeast of Edmonton.

Police said the shooting took place at the home of Louis Cardinal, Jackson's father-in-law, about 11:30 a.m., when Jackson is alleged to have loaded a rifle in a room of the house, and pointed it at his wife.

Richard Cardinal stepped between the two, police said, and was shot in the shoulder when the gun was fired.

Cardinal is alleged to have struggled with his attacker and was struck over the head with the butt end of the rifle.

Jackson fled from the house soon after the attack and has not been spotted since, police said.

## People

**Sir Malcolm Campbell**, British racing car and speed boat king, would not say "yes" or "no" to an offer to race his latest streamlined boat at Kelowna, B.C., where Board of Trade officials reported today they had been promised \$25,000 by donors to aid Sir Malcolm in overcoming sterling exchange difficulties.

In Denver, Colorado, George Ashford was arrested and fined \$15 for careless driving. When the judge offered to cut the fine to \$5 if Ashford would attend the police driving school, the driver hurried, "I can't. I'm traffic instructor at North High School."

**SIR MALCOLM CAMPBELL**  
... A sterling barrier.

Four adventurous Londoners, headed by Captain G. J. MacFarlane, plan to sail the Atlantic to New York in a 35-foot unsinkable and capsize-proof lifeboat, leaving Falmouth June 1. Rations will be carried in the form of dehydrated foods.

Mrs. Olga Samoroff Stokowski, 65, former concert pianist and wife of conductor Leopold Stokowski, was found dead in her apartment, apparently of natural causes. Stokowski is now married to Gloria Vanderbilt de Cicco.

An Ithaca, New York, dentist has admitted that many dentists are just as scared of kids as kids are of them; told the St. Louis Dental Society many tooth specialists are afraid of kids crying or wriggling, refuse to treat them.

Mrs. Betty Jane Rooney, wife of film actor Mickey Rooney, said today he would not contest their present divorce suit. Settlement expected by Mrs. Rooney: \$100,000 and custody of their children.

## Crime

In suburban York township of Toronto, an eight-year-old girl, Therese Dowling, missing for 17 hours was found criminally assaulted and apparently left for dead by her molester. Her clothing torn to shreds and face covered with blood, all she could say to her rescuers was, "I'm scared."

Seven members of a safe-cracking gang in New York were interrupted in their work by policemen, tried to battle their way out, were captured after one was killed and another seriously wounded. Contents of the safe: Five one-dollar bills, representing an office baseball pool.

In Oklahoma City, Mrs. Bill Tucker walked into a bootlegger's lair, found her husband in the arms of blonde Winnie Harrell, whipped out a .32, blasted away at the woman. She missed, but shot her husband in the side, not seriously. It all came up in court. Winnie no crime. Bill, just a bystander, and he refused to testify against his wife. So she got off. The bootlegger was fined \$50 and sentenced to 30 days in jail.

## Fruit Wholesalers Profits Skyrocket

OTTAWA, May 18. — (CP) — Dominion Fruit Ltd., a firm of western fruit and vegetable wholesalers, today presented financial records to the prices committee showing its net profits rose from \$84,206 in 1939 to \$531,577 in 1947. The value of its sales rose from \$5,562,025 in 1939 to \$26,715,570 last year, gross profit, measured as a percentage of sales to retailers, dropped from 12.4 per cent to 11.5 per cent.

The firm is a wholesale organization with branches in Western Ontario, Manitoba, Saskatchewan, Alberta and British Columbia. It is the subsidiary of Western Grocers Ltd. in which, the committee was told, a controlling interest is held by George Weston of Toronto.

Vice-president Alexander McCallum and treasurer W. S. Graham appeared for the company. The firm has branches in 13 western cities and warehouses in 24 centres.

### CONTROLLING FACTOR?

"What opposition have you out there?" asked Ross Thatcher (C.C.F. Moose Jaw). "Wouldn't it be fair to say your company is pretty well a controlling factor?"

"I think you are flattering us," Mr. Graham replied. "We would like to think so, but I don't."

Mr. Graham said P. Burns Company of Calgary through Consolidated Fruit Ltd. is "spread over

## World

Another Soviet "mystery man" will take over United Nations delegate Andrei Gromyko's job at London Success. News agencies report little is known of the man outside the Kremlin except that he was ambassador to the United Nations in 1942-45 when General Douglas MacArthur took over. His name: Jakob A. Malik.

In Scarborough, England, "loyal but disappointed" Labor party member, Mrs. Hilda Lane, told the annual party conference the working people are disappointed because they "are no better off than they were before the Labor government."

Dr. Sun Fo, Koumintang-backed president of China's legislature since 1932, was returned to his position unopposed. Vice-president will be Chen Lifu, Koumintang's minister of organization. The legislature is one of the government's most powerful units; has power even to dismiss the premier.

In Quebec, 5,000 school children will demonstrate Friday in honor of the province's new flag. The flag: a blue field quartered by a white cross with white fleurs-de-lis at the corners.

## Nature

Philadelphia patrolmen were called to the physics classroom of the Drexel Institute of Technology, discovered a mongrel dog had the professor and students cornered. Police got it into a patrol wagon, then couldn't get in themselves. Finally four patrolmen managed to subdue.

Butcher Charles Sarrow of La Mesa, Calif., has a friend by whom, he says, he can set his watch. He is a little black dog which comes to the shop for a bone daily at 3:30 and 11 a.m. and at 2:30 and 4 p.m.

In Washington, a foot specialist said that 10,000 years from now nobody will have ingrown toenails. Reason: no toes. "Feet as we know them," said Dr. William J. Stickle, "are on the way out. He predicts at that time the foot will look something like a hoof."

**DANA ANDREWS**  
... An Andrew certain.

## Entertainment

A 280-page book, to be known as "The Iron Curtain" in the U.S. and "This Was My Choice" in Canada, appeared on American book stands. The role of its author, Igor Gouzenko, is now being played in New York film theatres by Dana Andrews, in a Hollywood produced picture carrying the same title.

Ontario Board of Motor Pleasure carried on the matter of films shown in Ontario Theatres last year were unsuitable for children, but that many operators didn't observe the rulings. That said action would be taken against such operators in the future.

The prizes just about as wide as we are.

"You have locations in every major centre in the province except Prince Albert," Mr. Thatcher remarked.

"You've bought out the competition in the west to such an extent that I think it's fair to say you are the controlling factor."

Mr. McCallum disagreed but accepted Mr. Thatcher's description of the company as a "leading factor" in Western Canadian fruit and vegetable prices.

"You may be flattering us at that," he added.

**NO CENTRAL CONTROL.**

The company officials said that prices are set by the branches and that no central price policy is established by the firm's head office in Winnipeg.

Mr. McCallum told committee members that the company does not store fruit or vegetables.

"We do not encourage storing or gambling in our business," he added.

He told counsel he considers that an element of gambling on prices is present in all vegetable and fruit storage operations.

## Labor Chieftains Hit Socialization

Party Heads Do About-Face: Stump for Private Industry

SCARBOROUGH, Yorkshire, England, May 18. — (AP) — Labor party leaders about-faced today on the government socialization program and began stumping for private industry.

The consensus of leading delegates at the party's 47th annual conference is that most nationalized projects in the 1945 campaign have been completed. They now favor modernizing industry for higher production under private enterprise.

"Nationalization is about finished," War Minister Emanuel Shinwell, Labor party chairman, said in an interview. He indicated the party is split over proposed government ownership of the iron and steel industry, the only campaign pledge of public ownership not yet carried out.

**STEEL 'UP IN AIR'**

"Steel is all up in the air," Shinwell declared.

Deputy Prime Minister Herbert Morrison turned the red light on nationalization in a speech to the conference.

"There is no virtue in passing acts of Parliament and in setting up new organizations except to enable people to create more wealth," he said.

"The time comes, as we know in war, when a headlong advance must be followed by detailed consolidation... that is the stage which we are now reaching. If we go on always stretching out our hands for more and not making good the gains we have claimed, only disaster can follow."

Morrison would not commit himself on iron and steel, but in his speech he said parliament "has done its job" in nationalizing coal, transport, gas and electricity, and three or four other basic enterprises since the 1945 elections.

### LONG-RANGE PLAN

The deputy prime minister called for a "long-term plan of re-equipment so that we can look forward in 10 or 15 years to a really efficient and modern British industry."

Already "vast checks have been drawn upon our national resources."

"We have no hope of meeting these checks unless we produce a lot more than we are doing at present," he said. Labor now is reaching "that very perilous stage in which previous revolutions have sometimes foundered."

## Floods Delay Seeding Along Pembina River

Little change in flood conditions along northern Alberta's Pembina river was reported this morning, but many families are still isolated by water and farmers are still unable to get on their lands.

## U.S. Says "No" To Josef Stalin

(Continued from Page One)

reach an agreement because of the adamant opposition of two of its members—the Soviet and Ukraine at some points, was further damaged Monday when a bridge over a creek three miles west of Rossington was washed out.

At Rossington, about 60 miles northwest of Edmonton, boats are still being used to take supplies to families who are cut off from the shopping centre by the rampaging river.

The road between Rossington and Barhead, which was already under more than four feet of water at some points, was further damaged Monday when a bridge over a creek three miles west of Rossington was washed out.

At Manola, roads are still impassable and some families are still using boats to obtain food supplies.

**PEAK REACHED**

Meanwhile in Manitoba, possibility that the unequalled spring floods had reached their peak was seen today when the Winnipeg river level remained unchanged.

It was the first time in three days that the river had not shown a rise and came as preparations were going ahead to receive 135 evacuated farm families at the Pas, 450 miles northwest of Winnipeg.

In southern Manitoba, the town of Marquette and Meadows, 35 miles west of Winnipeg, were under danger of flooding following a serious breach in an earth dam holding the swollen Assiniboine river.

The upper reaches of the Fraser river in British Columbia overflowed their banks today and flood water swirled into low-lying sections of Glenside, a sawmill community 50 miles north of Vancouver.

At Prince George workers hurried to build log diversions as Willow river, a Fraser tributary, threatened to inundate the main highway.

## Committee Favors Union Check-Off

OTTAWA, May 18. — (CP) — The Common Industrial Relations Committee, voting against the wish of the government, today voted into the proposed Federal Labor Code a clause making the check-off of union dues mandatory on employees.

By a vote of 11 to 9, the committee inserted a clause designating it an "unfair labor practice" to refuse the check-off when it has been requested by a union and employees.

Labor Minister Mitchell opposed the move. It still has to be approved by the Commons when the bill comes up for third reading.

Under consideration by the committee for weeks, the code proposed renewed controversy on the question: are professional engineers to be covered by the proposed labor code? It finally was decided to leave them out.

The entire Chinese language is made up of words with one syllable. Each sound may have 10 or more meanings.

## Jews Capture All-Arab Acre

By ELIYAH SIMON

TEL AVIV, May 18. — (RUP) — Israel's army captured the all-Arab ancient walled city of Acre today, but reports indicated that the plight of 100,000 Jews in Jerusalem was becoming desperate as Arab forces besieged the Holy City.

In the fourth day of fighting since the British mandate in Palestine ended and the new Jewish state was proclaimed, Arab legion troops occupied Bethlehem, birthplace of Christ. Egyptian planes raided Tel Aviv, Israel's capital, for the 13th time. Forces of six Arab nations—Egypt, Syria, Lebanon, Trans-Jordan, Iraq and Saudi Arabia—were reported fighting in the Holy Land.

Reports from Amman said troops of the Trans-Jordan Arab Legion have entered the Jewish quarter of the old walled city of Jerusalem, it was reported officially here today.

### JEWIS STRIKE BACK

But Jews struck back strongly and their capture of Acre, where 4,000 Arabs penned in the old Walled City surrendered, was militarily the most important victory reported today. The Arabs, hit by

## GOVERNOR-GENERAL SHOWS HE CAN RIDE

CLINTON, B.C., May 18. — (CP) — The governor-general, Viscount Alexander showed the tough hard-riding cowboys of the cariboo country that he can ride.

During the week-end visit, he headed a cowboy parade here, riding a cow pony. He had a convoy of a dozen top-ranking cow punchers.

Earlier, the governor-general and Lady Alexander toured the town in a 60-year-old four-horse stage coach, one that plied the cariboo trail at the turn of the century with loads of gold.

typhoid fever and short of ammunition, could not hold the mounted fortress which a century and a half ago stopped Napoleon.

Jewish forces also made some progress, according to official reports here, in their attack on Ramleh, Arab strong-point on the vital highway from Tel Aviv to Jerusalem.

But not even a complete Jewish victory at Ramleh would open the supply route to Jerusalem for Jewish reinforcements and arms.

### STILL SEEK TRUCE

In this confused situation, a United Nations commission made

## Leftist Wins Council Seat

By HOMER JENKS

SCARBOROUGH, May 18. — (RUP) — Leftwing Labor rebels seated one of their own group today in the powerful seven-man national executive committee of the British Labor party.

Michael Foot, one of the leaders of the leftist Labor group in parliament, displaced Philip J. Noel Baker in elections to the executive at the party's 47th annual conference.

Noel Baker, a rightwinger, is secretary of state for commonwealth relations in the British cabinet.

SIX RE-ELECTED

All other six members of the executive were re-elected. Aneurin Bevan, health minister, topped the vote with 736,000. Others are Hugh Dalton, Emanuel Shinwell, Herbert Morrison, James Griffiths and Harold J. Laski.

Foot received 420,000 votes. Votes cast for Noel Baker were not announced.

Foot, former vice chairman of the parliamentary Labor party, was named chairman of the new executive.

## YOU'LL AGREE WITH DODGE ENGINEERS—

"THE 1948

**DODGE**

"Job-Rated" TRUCKS

ARE THE FINEST

EVER BUILT!"

Owners are Praising—

## NEW EASE OF HANDLING

You'll save time on the job with these easier-to-manoeuvre Dodge trucks. Combination of a new type of steering and shorter wheelbases that take full-sized bodies, let you turn in much smaller circles—the same size circle either right or left. Drive them and prove for yourself their near passenger-car ease of handling.

## NEW SAFETY

Note the tremendously increased vision of the new Dodge cabs. Windshields and windows are much higher and wider and the rear window is longer. New, improved equal-pressure hydraulic brakes have approximately 20 per cent greater braking area and give you sure, safe stops.

## NEW COMFORT

Deeper, wider, roomier cabs with luxury-padded chair-high seats give drivers and helpers new comfort. Clear floor space and wide doors make it easy to get in and out of these new cabs. Seats are fully adjustable for position and back support to reduce driving fatigue to a minimum.

## NEW PERFORMANCE

You'll get better performance than ever before from these husky new Dodge trucks... they are adding to the Dodge reputation for Dependability under all conditions. Powerful, dependable Dodge engines are "Job-Rated" for most efficient operation of each of the many Dodge truck models (G.V. Wts. start at 4,200 lbs.).

# 868 Graduands To Get Awards

## Largest Class Ever Graduates This Week

Total of 868 graduating students from the University of Alberta will receive degrees or diplomas this week, it was announced today by G. B. Taylor, Varsity registrar.

### MEASLES CASES SHOW INCREASE OVER PAST WEEK

Measles cases reported to the city health department during the week ended May 14 showed an increase of 21 over the previous week.

Total of communicable disease cases reported was 91 compared with 57 the previous week, an increase of 34.

Measles accounted for the major portion of this increase. There was an increase of seven in the number of chickenpox cases, three of rubella and an increase of five in whooping cough cases.

Mumps cases declined by four. One case of erysipelas and one of scarlet fever were reported.

### Pipe Used To Control Well

More than 32 tons of pipe, stretching more than a mile and a half, are being used in the battle to control the wild Atlantic No. 3 oil well.

Under the direction of Frank Reed of Los Angeles, welders worked all day Monday to join sections of the pipe.

Giant bulldozers dragged the welded pipe into place to be used as a safety flow line from No. 3 well.

Although oil and gas were still boiling up today from craters around the rampaging well, highly satisfactory progress is being made in the fight to regain control.

Within a day or so efforts will be made to clear a shale bridge and pull drill pipe from No. 3 well.

Then the well will be turned on full.

Experts hope this will stop the cratering around the well and end the dangerous fire hazard.

In the meantime experts were doing little better than holding their own in the fight to carry away the estimated 10,000-barrel per day of production in pits around the run-away well.

It is now estimated there are approximately 75,000 barrels of oil in open surface pits.

The Imperial Oil Co. pipeline to Nisku is handling about 8,000 barrels a day.

The Rebus family on whose farm the wild well is situated, is being paid \$4,000 a day in royalties.

The family was paid \$20,000 for oil rights on their land, retaining a 12 1/2 per cent royalty from all production on the well.

Monday members of the family hinted they may demand further payments from the government. Deeds of the damage to farm lands from the cratering.

Sealing is being delayed, it was contended.

Andrew Rebus was lashed at a drilling camp being set up on his quarter section.

The Hudson's Bay Co. owns mineral rights on this land.

John Rebus said the company was paying rent only on the drill site and stated no royalty would be paid and the whole quarter would not be purchased.

Production in 56 wells in the field has halted 147 days since operations at Atlantic No. 3 are now being carried out by the Alberta Petroleum and Natural Gas Conservation Board.

### Jaycees Plan City Clean-Up

Clean up, fix up, paint up.

Members of the Edmonton Junior Chamber of Commerce will use this as their motto in the coming campaign to beautify Edmonton, beginning May 23.

Co-operation of local community clubs is being asked in getting the campaign off to a start throughout the city.

It is hoped they will also provide and maintain local control of interest.

The plan, it is thought, will tend to create a wider incentive to the entire city.

School children, too, are being enlisted in the drive.

Fifteen thousand pledge cards have been sent out to city schools.

The cards, when returned by parent or guardian showing that the child has contributed to clean up in their neighborhood, will entitle the child to a free picture on June 5, last day of the campaign.

Chairman of the drive is Roland McGinnis with vice-chairman Al Steele.

### Yorkton Student Top Medallist

WINNIPEG, May 18. — (CP) — Harvey Andrew Mutch of Yorkton, Sask., will be leading medallist Wednesday when a total of 1,029 students, largest class to graduate from the University of Manitoba in its 71-year history, will receive degrees, diplomas and certificates on graduation day.

Augmented by 332 student veterans, this year's list of graduates tops by 747 the previous record figure for graduates of 682, established in 1946. Last year there were 650 graduates.

Kibito, a Japanese-Canadian born in Vancouver, was the winner of the university gold medal in architecture and the bachelor

### FIRST TWO-DAY CONVOCATION 40 Years Ago 8 Students At U. Now Nearly 5,000

By DICK SHERBANUK

Today there were about 5,000 graduates from the University of Alberta.

By Wednesday afternoon there will be almost 9,000.

For during the next two days, the largest graduating class in U. of A. history—totaling 829 men—will leave its Alma Mater to swell the ranks of the alumni.

This year marks the 40th anniversary of the University's founding in 1908 by the late Dr. Henry Marshall Tory.

The campus now is a far cry from the "young days" when Dr. Tory, first U. of A. president, toured the south side in a horse and buggy.

In 1908 there were eight students at the University.

Now there are almost 5,000.

The graduating class this year is the high point of that expansion for the present. University officials released figures showing that the session showing that for the next few years enrollment will gradually decline to about 3,000 mark.

In the meantime, the University is holding its first two-day convocation in its 40-year history.

This afternoon and Wednesday afternoon in McDougall Church auditorium the 38th annual convocation ceremonies will be held.

But although the size of the graduating class has skyrocketed, the quiet solemn ceremony which marks the climax of years of study will still be there.

DUTCH IMMIGRANTS en route to British Columbia passed through Edmonton. For setting in Canada.

### Degree Is Conferred Upon Premier Manning

Premier Ernest Charles Manning received the honorary degree of doctor of laws today from the University of Alberta.

Premier Manning was presented for his honorary degree by Mr. Justice H. H. Parlee, chairman of the University board of governors.

Justice Parlee will receive an honorary doctor of laws degree Wednesday afternoon.

Premier Manning gave the convocation address to the graduating students.

**FUTURE SELF MADE**

Your future is not in the stars but in yourself was the theme of his speech.

He told students that their future depends on qualities developed within themselves, not on their external environment.

Four internal characteristics were stressed by the premier:

- (1) graduates must have a worthwhile purpose in life;
- (2) they must have the proper attitudes towards their fellow men;
- (3) they must maintain a loyalty to truth, to whatever is right;
- (4) they must keep a true perspective of life-life is more than just a few short years in this world.

**1,000 SEE CEREMONY**

About 1,000 persons filled McDougall Church auditorium to see the solemn, quiet convocation ceremony.

White-capped uniformed nurses, black-gowned graduands of other faculties, and the colorfully-robed University officials whose years of study have brought them many bright hopes, made the ceremony a fitting climax to a University career.

Friend relatives and friends of graduates students applauded the students as one by one they walked up the platform to receive their diplomas.

Invocation was pronounced by Brother Newton, FSC, B.A. Paed of St. Joseph's college on the campus.

**CONVOCATION REPORT**

Dr. Robert Newton, University president, read his annual convocation report reviewing the activities of the 1946-47 session.

Dr. Ernest William Sheldon, for many years a member of the varsity mathematics department, was made professor emeritus.

Augmented by 332 student veterans, this year's list of graduates tops by 747 the previous record figure for graduates of 682, established in 1946. Last year there were 650 graduates.

Kibito, a Japanese-Canadian born in Vancouver, was the winner of the university gold medal in architecture and the bachelor

of architecture thesis prize. He took his high school matriculation at the final day of the annual Calgary Horse Show Saturday. Reserve champion was Swanee, owned by Margorie Uppier of Calgary.

Misty Moon, chestnut colored horse owned by the Victor Sifton family, was placed first in the Macara and Stevens trophy for the champion hunter.

Reserve champion was Home Service of the Falkland Stables, Falkland, B.C.

Doris Littlewood of Calgary won the Earl of Kington trophy for compiling the highest number of points during the all-day show.

More than 4,000 people watched sections of the show, jumping exhibitions of the show jumping exhibition as two Brandon, Man., and three Calgary-trained horses tied for first place. They were Bouncing Buster and Paddy Bhoj, both owned and ridden by Gordon Williamson, Lilla-Gord Stables, Brandon, Man.; Ardlena, and The Ghost, both owned and ridden by Doris Littlewood of Calgary; and Doris White of the Kelvin Grove Farm, ridden by Ron Pennington, Calgary.

Little Eleanor Sauer of Regina placed fifth in the event for best girl rider between the ages of 10 and 15 years. Marilyn MacMillan, who placed first in the competition for best girl or boy rider under 15 years.

# Cancer Society Welcomes Grant

## Federal Govt. Spends Over Three Million

Dominion government's intention of making an annual grant of \$3,500,000 to the provinces to be used in diagnostic and treatment services for the control of cancer was "welcomed" by authorities of Canadian Cancer Society in Edmonton today.

E. J. McFarvey, campaign manager for the society, said, "Alberta's share of the grant should materially assist the province in the work which it is already carrying on."

The grant, he pointed out, "does not in any way affect the needs of the society for funds to carry on its present campaign."

"Its work," he added, "is concentrated upon the provision of money for cancer research, public education of the menace of cancer, free services to the needy, financial assistance for treatment of the needy at provincial clinics and rehabilitation."

"These needs will continue," he said, "and the Dominion grant will not, in any way, curtail the requirements for the society's assistance."

He expressed the hope that the public will continue to support the society's assistance, "in the fashion which they have in the past."

### Community Theatre Group To Award Trophies At Meet

Annual meeting of the Edmonton Community Theatre will be held Thursday at 8 p.m. in the Edmonton Museum of Arts.

Annual reports of officers and a report on the Dominion drama Festival will be presented.

The Kerr and Walker trophies for best performances of the year will be awarded, as will one for the best play written in the field of play-writing course during the year.

Guest speaker will be Richard MacDonald, co-ordinator of cultural activities for the province of Alberta.

### Carpenters For Edmonton

The pool of carpenters available in Edmonton and Calgary contractors may be swelled by an exodus from Lethbridge.

Officials of the Lethbridge local of the Carpenters' and Joiners' Union announced they were negotiating with Edmonton and Calgary locals for jobs for more than 150 of their workmen.

Reason given by Thomas Clay of the Lethbridge local for the action was the reluctance of Lethbridge contractors to sign an agreement bringing Lethbridge wages in line with those in Calgary and Edmonton.

Officials of the Edmonton branch of the union admitted a Lethbridge officer was visiting the Edmonton local, but said no reference had been made up to this morning in regard to employment for carpenters.

Douglas Gland, a Lethbridge contractor said the builders were responsible to most of the demands of \$1.40 an hour for qualified men, but added 60 per cent of the union men were not qualified. They offered \$1.25 an hour for "hammer and saw" (unqualified) workers.

### Japanese Announce Recovery Program

TOKYO, May 18. — Reuters — The Japanese government yesterday announced a five-year plan designed to restore the country's economy to pre-war level by 1952. The plan, prepared by the economic stabilization board, emphasized that Japan's recovery would be greatly dependent upon foreign capital.

### Trams Collide, 31 In Hospital

MONTREAL, May 18. — (CP) — Thirty-one persons were taken to

hospital last night when a west-bound street car left the tracks on downtown Montreal's Catherine street and ploughed into an eastbound car at the corner of St. Denis.

## Board Advocates Damming of River

### High Prairie Wants to Prevent Recurrence of Flood Damage

HIGH PRAIRIE, May 18.—Monthly meeting of the High Prairie Board of Trade was held May 4 with 30 members present. Since the secretary, Dr. John Stevens, is leaving for post graduate work in Montreal, Les G. Herman, was appointed to the position.

After a discussion, it was decided to appeal to the government to have the West Prairie river dammed within a period of 12 miles south of town, and so save the town and district from flood devastation.

All holiday has been proclaimed for Wednesday, May 26, as clean-up day for the town and district. The board of trade and the board of trade hope all citizens will turn out with rakes, shovels and brooms to clean the streets from east to west. For the evening it is planned to hold a jollification and wicker coast with a bon-fire to celebrate.

The Ladies' Auxiliary to the Canadian Legion will hold a tag day on Saturday, May 22 for the benefit of the new Memorial Hall. Red, white and blue tags are being provided and canvassers will wear the auxiliary badges. Tag day is under the direction of the officers, Mrs. Wm. Ferris, president; Miss Kay Pulcher, vice-president, and Mrs. George Wilson, secretary treasurer.

### WATER IS HIGH AT SYLVAN LAKE

SYLVAN LAKE, May 18.—Level of Sylvan Lake is the highest for many years. The beach is almost entirely under water, which will greatly improve conditions for both swimming and boating during the coming summer season.

### Wholesale Manager Red Deer, Retires

RED DEER, May 18.—R. J. (Jack) Sanders, who has been well known here since first coming to Red Deer in 1911, has retired from the management of Macdonald Consolidated Ltd. warehouse here, and is visiting at Harrison Hot Springs, B.C.

He came to Red Deer in 1911 from Vancouver and worked with the Empress Manufacturing Company and subsequently was at Camrose and Moose Jaw. In 1918 he returned to Red Deer to open the branch here and was manager until his retirement.

Mr. Sanders' plans for the future are uncertain but he will return to Red Deer after a couple of months in B.C. He has been a member of the Red Deer Golf and Country Club for some years and is a member of the Red Deer Fish and Game Association and an active sportsman. He is also a former member of the Red Deer Rotary Club and is well known throughout the city and district.

W. O. Griffin has arrived here from Camrose to take over the management of Macdonald Consolidated. He has been with the firm at Edmonton and North Battleford, Sask.

### Wetaskiwin Rector Attends Reception

WETASKIWIN, May 18.—Rev. S. J. Bell, rector of Immanuel Anglican Church and Mrs. S. Cole, president of the farefare reception tendered the Right Rev. Bishop W. F. Harfoot, held in All Saints' Parish Hall, Edmonton, last week. Bishop Harfoot is leaving to attend the Lambeth Conference in London, Eng.

Members of the Peace Hill Chapter, IOOF held a successful Spring tea recently. Mrs. Walter R. Vassar, newly elected Rector, received the guests. Mrs. L. E. Collette and Mrs. Jack Campbell were the convener.

District deputy grandmaster for the ensuing term, Mr. Grapentine has been active member of the Millie Lodge for the past 22 years.

"How would I know whether I like it or not, Pet? I haven't the slightest idea how much it costs!"

## Red Deer Rotarians Prepare for Carnival

RED DEER, May 18.—The Red Deer Rotary Club is busy these days making plans for the big Rotary Carnival to be held here on Saturday and Sunday, May 22 and 24.

One of the highlights of the fair is a queen contest in which there are five candidates, supported by different organizations. They are: Marie Black, sponsored by Quota, Stages and the Business and Professional Women's Club; Audrey Doyle, sponsored by the Elks Lodge; Maureen Grant, backed by the Lions Club; Margaret Parker, supported by the Kinsmen Club, and Lorraine Tink, nominated by the Red Deer Active Club. The Rotarians also have a mystery candidate.

On May 22 at 2:30 p.m. there will be a big parade of the candidates in the queen contest, along with many other attractions. Monday will be a big day with the second annual Rotary soap box derby on the South Hill at 10 a.m. In the afternoon there will be a pet parade starting at 2:30 p.m. and a ball tournament. On Saturday night there will be a carnival at the Station Park with games, rides and stunts.

Crowning of the queen takes place on Monday evening and there will be a big street dance afterwards. The Rotarians are sparing no effort to provide a day of real entertainment and large crowds are expected to take in the fun.

## New Minister Coming to Rocky

ROCKY MOUNTAIN HOUSE, May 18.—Rev. H. G. Marsh, minister of Knox Presbyterian and St. Andrew's Churches, Fort Erie, Ontario, for the past three years, has accepted an invitation from the Rocky Mountain House Presbyterian Church Board to become their pastor and expects to be here with Mrs. Marsh shortly.

Mr. Marsh is a native of Ontario and graduated from Knox College, Toronto in 1943. He was in church work in Vancouver for two years before going to Fort Erie. He has been selected by the Presbyterian Church to organize Young People's Work in the three western provinces after three years as pastor in Rocky.

## Tractor Kills Earle Farmer

KITSICOTY, May 18.—Earle Forster, farmer of Earle, district south of Kitsicoty, was killed here Friday when his tractor over-turned. It is believed a bank of mud collapsed, upsetting the tractor and pinning Mr. Forster underneath.

Mr. Forster was an old-timer of the district. In addition to his widow, a grown family survives. Annual school festival for Vermilion district schools held here Friday was a great success.

## IOOF Lodge Holds District Meeting

MILLET, May 18.—Allied IOOF Lodge held a district No. 25 meeting at the IOOF hall on Wednesday. Thirty were in attendance, including local members and visitors from Wetaskiwin, Clive, Ponoka, Lacombe.

District grand master, T. Hickmore of Ponoka, and district deputy grandmaster Seagor of Clive installed Herman Grapentine as

### HOSPITAL AID BUYING X-RAY

KILLAM, May 18.—Hospital Aid has undertaken to buy a new X-ray for the hospital. The cost of this machine is approximately \$4,000 and is to be raised over a period of three years.

To start the X-ray fund, plans are under way to hold a tea in June, and the Aid will sponsor a dance each month.

### Wetaskiwin Pupils Attend Festival

WETASKIWIN, May 18.—Wetaskiwin is being represented in the musical festival held in Edmonton this week by the following students: Joanne and Paty Draayer, Darlene Hall, Paty Paton, James Anderson, Myrel Didrikson, Almeda Bennett, Donna Johnson and Colleen Salt. A number of the parents accompanied them to the city.

Silver tea held by the Girl Guides, Brownies and Rangers held recently in the Legion Hall was a decided success. Mrs. L. Johnson, Mrs. Fred Fredericksen and Miss M. Caven, leaders of the groups, assisted by Mrs. Rennie, Donna Jean Gillespie and Doris Oswald helped in looking after the guests. \$38 was realized from the affair.

### Viking Pioneer Re-visits Sweden

VIKING, May 18.—Mike Johnson, a long time resident, has returned from a four months visit to his old home in Sweden after 48 years absence. He found conditions quite different than in the days of his youth before he emigrated to Canada. He states that Sweden is a very progressive and industrious country.

Food is plentiful, but motor cars are scarce and cost many times the price in Canada. Contrary to general belief the government was not run on a 100 per cent socialistic program but people enjoyed free enterprise and were prosperous.

### West Prairie River Flooding

HIGH PRAIRIE, May 18.—Due to a downpour of rain Thursday night and Friday, the West Prairie river is again flooding and railway and highway crews worked Saturday with tractors to pull the driftwood from before the bridges. The river had risen seven feet and was spilling over the banks both above and below the bridge on the outskirts of town.

Water is not yet drained from flooded areas since the previous flood and farmers are afraid some areas will not be cropped this year.

### Dawson Merchant Goes To Belfast

DAWSON CREEK, B.C., May 18.—T. Thompson, local businessman, left recently for a visit to Ireland, his homeland. This is his first visit back in 29 years and while there he will make a presentation to the Belfast Orange Lodge on behalf of the Dawson Creek Lodge.

### LIFE can Begin AFTER 40, IF..

Around 40 our energy lessens. But, experience has taught us to do our work with less effort. The years ahead should yield the greatest accomplishments, the most enjoyment and happiness. They can, too, if we avoid the kidney and bladder disorders such as Backache, Headache, Rheumatic Pain, Urinary, Loss of Sleep and Energy which so often attack here, around 40. For ever half a century Dodd's Kidney Pills have been helping men and women to keep kidneys and bladder in good order. If you are nearing 40, or past it, or the sake of your health and a happier future use Dodd's Kidney Pills today! 125

## COLD LAKE TRUCK GOES ON RAMPAGE

COLD LAKE, May 18.—Onlookers stood in fascination and apprehension recently as a swerving runaway truck, gaining momentum as it descended a steep hill, reached the bottom without leaving the road only to turn sharply and crash into a store front. Paralyzed for 20 minutes opposite the home of Martin Nyhus before it started to roll, the two ton truck, missed the front of the Bluebird Waffle house more directly in its path, broke off a flagpole, carried off the side of an annex and nosed two feet into the front windows and entrance to Pinsky's store.

Owned by Paul Dery, the only damage to the truck is a bent bumper.

## Lethbridge Boy Choir Wins H. A. Gray Shield

CALGARY, May 18.—(CP)—The Lethbridge boys' choir captured the Bishop H. A. Gray shield in the 11st annual Alberta musical festival here yesterday to break the steady string of triumphs recorded by Calgary artists.

Adjudicators Dr. Gordon Slater of Lincoln, England, and Sidney Harrison of London, England, asked conductor Effie Reid and the choir, who paraded most of Sunday night and Monday morning to reach Calgary, to repeat the song "Rehoboth" for the benefit of other contestants in the boys' choir class. They received 175 marks for their selections.

Placing second in the class was the Lethbridge Kiwanis boys' choir with 167 points.

A record number of entries was received for the festival which will continue this week. Calgary artists captured the major share of yesterday's opening festival awards with Arthur Williams of Edmonton one of the few outside entries to prevent a clean sweep for Calgary. He placed second in the boys' solo, 12 years and under, behind Mervyn Parker of Calgary. Master Parker received 84 points. Master Williams, 83.

Muriel Tomlin of Lethbridge placed third in the lyric soprano class behind Mary Strutton of Calgary and Jane Handie of Farrow.

### H. J. Reed Named Hay Lakes Agent

VERMILION, May 18.—Harold J. Reed, with CNR here for several years, has been transferred to Vermilion to Hay Lakes where he has been appointed station master.

During his stay in Vermilion Mr. Reed has been active in the horticultural and bee keeper societies. Mrs. Reed has been active in church work and secretary of the W.A. for a number of years.

On Friday evening some 20 adherents of St. Saviour's met in the parish hall and presented Mr. and Mrs. Reed with a beautiful table lamp. The ladies of the W.A. presented Mrs. Reed with a certificate of life membership.

Rev. Mr. Teape expressed the regret of the congregation in parting and Mr. Reed replied on behalf of himself and Mrs. Reed.

### Women's Institute Holds Meeting

BERWYN, May 18.—Monthly meeting of the WI was held in the Legion Hall May 13. The Grimsby WI were guests for the evening and after the regular business was concluded, a social evening was held. Miss Cecelia Connolly, district home economist, and Miss Blanche Fortier, assistant, were also guests. Court waltz was played with honors going to Mrs. C. Harris and Mrs. Cybak of Grimsby.

### SEEDING LATEST FOR 35 YEARS

BELLIS, May 18.—Rains further postponed seeding in this area, making this season the latest on record during the last 35 years.

Farmers fear a serious shortage of feed for next winter, if bad weather continues much longer.

## Woodward's WEDNESDAY MORNING SPECIALS

101 St.-102 Ave. Store Hours 9:30 a.m. to 12:30 p.m. PERSONAL SHOPPING ONLY

### Glass Bud Vases 89c

Fine quality vases in tall, slender shapes. Designed with fluted tops and small frosted patterns on the sides. A Wednesday Morning SPECIAL.

### Travelling Sets \$15.95

Two-piece luggage in black leatherette. Sturdily constructed and tastefully lined, consisting of an overnight and dressing case. A Wednesday Morning SPECIAL.

### Woodward's Turpentine 35c

Twenty-six ounce bottles of turpentine... for many uses around the home. Thinning paint, cleaning brushes and cleaning floors are just a few of its varied uses. A Wednesday Morning SPECIAL.

### HARDWARE

Garden Hoes 4-inch blade with 4-foot handles. A Wednesday Morning SPECIAL.	79c	Garden Forks D-handle, four-tine garden fork. A Wednesday Morning SPECIAL.	\$1.25
Garden Rakes 14 straight teeth. A Wednesday Morning SPECIAL.	79c	Pull Hoes Double bow pull style with 4-inch blade. A Wednesday Morning SPECIAL.	\$1.19

### Bread Knives

With serrated edge. A Wednesday Morning SPECIAL. 49c

### Frying Pans

Made of cast iron, with a 10 1/2-inch diameter. A Wednesday Morning SPECIAL. 98c

# "Flyer Fathers" Rencher Spend Tribute to Team

## Champions "Tune In" to Last Game of Allan Cup Series

Monday night it was the turn of the Edmonton Exhibition Association—sponsors of the team—to pay tribute to the Flyers, Edmonton's first Allan Cup champions.

The tribute took the form of a banquet and dance at the Macdonald hotel. Chairman for the occasion was Bob Price, president of the Exhibition Association. Among the invited guests seated at the head table were Premier Manning, Alderman Fred Mitchell, representing Mayor Harry Ainlay who is vacationing at the coast, Deputy Mayor Sid Parsons, Dr. W. G. Hardy, president of the International Ice Hockey Association and a governor of the Western Canada Hockey League, D. P. McDonald, WCHL president, Frank Currie, Flyer coach, Gordon McDonald, chairman of the Flyer hockey committee, Charlie Wilson, manager Edmonton Exhibition Association and Art Potter, president of the Edmonton District Hockey Association.

## All Proud of Flyer Feats

Close to 200 in all were in attendance and the big dining room was crowded to capacity. Following the banquet doing the hotel orchestra played for dancing.

What they said:

**Bob Price:** "The price of victory in this game was a high one. It cost the individual effort, good management, splendid co-operation from all, including the public. The province, the city, the Exhibition Association—all are proud of the feat of the Flyers."

**Premier Manning:** "Flyers not only won the Allan Cup but as well won a measure of personal popularity unequalled for a long time."

## Currie Lauds Fan Support

Frank Currie: "I have never seen such loyal support as Flyers received from the fans of Edmonton. It was this backing, more than anything, that made possible the winning of the Cup. I want to thank everyone for this grand support. The Exhibition Association gave me full co-operation at all times."

**Fred Mitchell:** "A victory such as Flyers scored does a lot for a city. In the name of the city of Edmonton I want to thank all those who contributed to the success of the team. We are very proud of the Flyers."

What each Flyer received: Good leather jackets, suitably inscribed as to crest; a transcription of a portion of the play by

## The Great Outdoors

By DICK BEDDOES

Water, water everywhere and the greatest duck and geese migration in recent years in a digest of the report from Ducks Unlimited.

This, ordinarily, is the time of year when mallards and canvas-backs return to roost and set up housekeeping on sloughs across Western Canada's duck factory to provide the fall bag. But the spring thaw was late and waterfowl migration, with the exception of Canada Geese, delayed accordingly.

Whether this late migration would cause the fall flights down Alberta to be delayed next autumn was left to pure conjecture by Ducks Unlimited ornithologists last week.

However, once the 1948 duck crop comes winging south in September, hunters will be assured of the largest bags since 1929.

WHAT A FLIGHT

Waterfowl piled into the prairie provinces with a rush when the greatest western waterfowl migration developed on April 17. DU's chief Alberta naturalist, Fred Shier, reported from Brooks that the greatest he ever had seen in southern Alberta.

Reports from field men in Saskatchewan are equally encouraging. Biologist W. G. Lelich states that between Regina and Swift Current "ducks are extraordinarily abundant for a spring population."

The spring flood assumed disaster proportions in wet areas of the west. But, paradoxically, it assisted the Ducks Unlimited operations in the field of conservation.

Ten years ago the North American duck population had decreased from an estimated 400 million total 50 years ago to 27 million. Then

Fastball Clubs Battle to Draw

South Side Legion and Prudham teams fought to a 3-3 deadlock in an Intermediate Men's Fastball League game at South Side Athletic grounds Monday night.

Sparky Milner, who walked, came home on Shien's two-bagger in the fourth to give the South Siders a one-man lead. Herb Gaucher poked out a home run in the sixth, and in the same inning John Peach hit a two-bagger to bring in the tying run.

Prudham scored three in the 8th, with Reg. Kirstein hammering out a two-bagger, Samla singling and Don McCombie pounding out a triple.

**GOOD AS NEW** . . . Nothing that has happened thus far pleased the Yankees more than Charlie Keller sprinting from first and hitting the dirt to score behind Tommy Henrich on Yogi Berra's double in a three-run burst in the first inning against the Athletics at Shibe Park recently. The feat further demonstrated that the slugging outfielder is definitely back in his old form after his operation. The catcher is Buddy Rosar.

## Cloverdale Soccer Club Battles Legion in Opener

North Side Legion and Cloverdale, 1947 champions and runners-up respectively, will clash in the lid-lifter of the 1948 league program, May 23, according to an abbreviated schedule released by George Wilce, secretary of the Edmonton and District Football Association.

The schedule only calls for games up to July 24; but Wilce said 15 more matches will be added when provincial play-off dates have been announced.

A Red Cross match between the RCAF and an all-star team from the rest of the league, will start the ball rolling on Saturday, Acting Hon. Mayor Gordon Watt will kick off at 7 p.m. The stars will wear green and white, with white knickers, while the RCAF will don red shirts and blue knickers.

President Tom Green, and Secretary Wilce were among those invited to see a soccer film at the USO building Monday night. It was shown by the Extension department of the University in co-operation with the Recreation Commission.

Entitled "The Great Game," the film, which recently arrived from England, shows some of the great players taking part in matches over there.

Green reported that a referees' examination would be held in the USO hall May 26 at 7:30. Anyone wishing to qualify as a referee is invited to take the exam.

Following is the schedule:

**MAY**  
23—Oliver vs. Cloverdale.  
24—Oliver vs. Maple Leafs.  
25—RAF vs. ANA Vets.  
26—Cloverdale vs. Maple Leafs.  
30—Oliver vs. RAF.  
31—NS Legion vs. ANA Vets.

**JUNE**  
2—Cloverdale vs. Oliver.  
3—Cloverdale vs. Maple Leafs.  
4—ANA Vets vs. Maple Leafs.  
5—Maple Leafs vs. NS Legion.  
6—ANA Vets vs. Oliver.  
7—Maple Leafs vs. RAF.  
13—ANA Vets vs. Cloverdale.  
14—NS Legion vs. Oliver.

**DEFA PRELIMINARIES**  
June 19, 20, 21, 22, and 26.  
27—RAF vs. Cloverdale.  
28—NS Legion vs. Maple Leafs.  
29—Oliver vs. ANA Vets.

**JULY**  
3—RAF vs. Maple Leafs.  
4—Cloverdale vs. NS Legion.  
5—Oliver vs. NS Legion.  
6—RAF vs. NS Legion.  
10—Edmonton vs. Calgary DFA.  
11—NS Legion vs. RAF.  
12—Oliver vs. Cloverdale.  
13—ANA Vets vs. NS Legion.  
17—RAF vs. NS Legion.  
18—Maple Leafs vs. Cloverdale.  
19—ANA Vets vs. RAF.  
21—Maple Leafs vs. Oliver.  
22—Cloverdale vs. NS Legion.

About 91 per cent of New Zealand's people are of British stock

## Strictly Personal

By JIM ALGEO

Bob Gray, ex-Edmonton Canadian junior who performed on Brandon Elks' blue-line patrol during the past season, is reported to be dickering for a familiar job with Edmonton Flyers.

Gray, who has aspirations of becoming a top-notch golf pro, has had dealings with Regina Caps, but his price tag was a trifle high.

With the present Flyer stock dwindling at a rapid pace, Gray might fit well into the general rebuilding job which must be done if Edmonton is to successfully defend its Allan Cup laurels.

Present Flyers on the road to bigger and better things are Stephen (Bing) Merkur, Doug (Rockie) Anderson and Bud McPherson to Montreal Canadiens, and Al Rollins to Chicago Black Hawks.

As well several other of the boys are threatening to hang them up for good. . . . It goes without saying that now the time for the rebuilding program, not in late season when other rival clubs have the cream of the crop.

Saskatoon Quakers of the WCHL are said to be hot on the trail of Bill Ramsden, classy Lethbridge Native Son who topped all scorers in the free-wheeling southern At-

let's junior circuit this past season. Ramsden, who looked for more goals than could be counted on ten sets of toes, has been offered opportunity, including the "kitchen sink" to show with Ken McAuley and Co. next year. . . . However, Bill is playing hard to get.

Gus (Pill) Knuck 'em down, you pick 'em up! Kyle, spine-shaking rearward of Regina Caps, is believed the ball all over the park with a Regina baseball club these days.

## GRITTY PETE GRAY AGAIN PLAYS BALL

ELMIRA, N.Y., May 18.—(AP)—Pete Gray, the one-armed outfielder who played in the big leagues during the war, is back in organized ball. It probably is his last chance.

After a wartime flurry at Memphis Pete went up to the St. Louis Browns. In 1945 he hit only .218 against big league pitching and the next year at Toledo he batted .250 in 48 games. He did not play last season.

Everyone is rooting for the soft-spoken left-hander, including the 6,500 who jammed Elmira's ball park for the first game in which Pete started.

The gritty gardener lost his right arm in an accident when he was six years old.

## Brooks Farm Out Negro Catcher

BROOKLYN, May 18.—(CP)—Brooklyn Dodgers Monday sent two pitchers—John Van Cuyk and Paul Minner—to their No. 1 farm team, Montreal Royals of the International League. Outfielder Edwin (Duke) Snider also was sent to the Royals—all on a 24-hour recall basis.

The Dodgers farmed out three other pitchers, a catcher and an infielder and must release one more player by midnight Wednesday to get under the 25-player limit.

Rey Campanella, Negro catcher, was sent to St. Paul of the American Association while pitcher Bill Willis Rasmussen Hall was sent to Mobile of the Southern Association and Dwain Sloan to Fort Worth of the Texas League.

Infielder Bob Ramazotti was returned to St. Paul.

## Baseball Practice

Canadian junior baseball team will hold a practice at 6:45 p.m. Tuesday on the west Kinsway diamond. Coach Nip Gray will be in charge.

## Fastball Drill

Legionnaires senior men's fastball team will hold a practice at 8:45 p.m. Tuesday on the west Kinsway diamond. Coach Nip Gray will be in charge.

## Red Deer Pro Considered Threat in Provincial Open

Frank Hughes, who learned most of his golf on the Regal course in Calgary, but has been a resident of Red Deer for several years, is all keyed up about the Country Districts golf tourney.

Frank assumes the chore of district organizer this season—the penalty of being the Red Deer representative last season. That's probably why he is so keenly interested at the moment.

Hughes is leaves Dave Dixon, newly acquired professional from Vancouver, will be a worthy Red Deer representative in the provincial open this year. The ex-coast youngster also made a good impression in the provincial here two years ago when he came within an ace of licking Henry Martel. Dave got away to a flying start against Henry and moved into a three-hole lead that Martel barely got back.

They're tuning up their games down Stettin these days in preparation for the annual tournament, slated for May 23 and 24. The qualifying round will start

at 9 a.m. Sunday and there will be fights for all the contestants. Dr. L. H. Wright is president of the club. A. E. Morrison secretary, and Jack Ellis is chairman of the tournament committee.

Bobby Locke, South Africa's peerless shotmaker, will give an exhibition, along with Stan Leonard, at Saskatoon, likely August 11. Although no date has been arranged for his appearance here, it will probably be in the vicinity of the Saskatoon date.

Carry Middlefield, fifth among American pro money winners this season, just can't seem to make ends meet.

Carry made \$7,742 and after subtracting his expenses, finds he is \$258 in the red.

His expenses included \$50 to \$70 a week for hotel rooms; food \$30 to \$60; automobile \$20; incidentals \$10; \$25 to \$35. Total for season, \$800. That's his customary to give the caddy 10 per cent of the winnings.

# Lord Fairmond, All-British Romp to Plate Trial Wins

TORONTO, May 18.—(CP) The Winnipeg-owned Lord Fairmond and the Toronto-owned All-British won their respective divisions of the King's Plate trial on a muddy track Monday afternoon, leaving the question of who will win the classic King's Plate next Monday as obscure as ever.

The trial—only race in which Canadian-breds competing in the historic King's Plate may race prior to starting in the guineas itself—was run in steady rain with the track muddy to sloppy. The distance was only six furlongs, whereas the 800th running of the plate next Monday is at a mile and an eighth.

Lord Fairmond of the Winnipeg Whittier Stock Farms, with Leo Kerr aboard finished his trial in a flat 1:20, a length and a half ahead of Coleraine, with Red Bottle third another three lengths back in the field of 11.

All-British, ridden by Frank Dougherty, finished his section of the trial in a romp, to lengths ahead of the second horse but still a fraction faster than Lord Fairmond in 1:19 3/5 for the six furlongs. Second was Kid Rumble and third by another two lengths was one of the choices, J. H. Black's Meal Time.

## ALL-BRITISH FAVORED

The trial results seemed certain to establish All-British as favorite for the Plate proper next Monday. A total of 21 horses contested the two divisions Monday, each worth \$2,500, and they did not include at least four Plate candidates who were left out of the trials by oversight. The muddy track cut down the trial entries and all horses were started from the automatic gate. The Plate itself next Monday will accommodate only 12, and the others will have to start outside, according to the draw, being released by track handlers at the gun.

Of the Plate threats who did not start Monday, the most talked about was Last Mark made an impression on the crowd of 7,000 when he worked a full mile after the Plate trials. He covered six furlongs in 1:20.8 and the mile in 1:51.6.

Of the western entries, the most colorful was the bottle as the first division, owned by E. V. Del Orr, Vancouver. Leaving the gate slowly, the strawberry roan lagged badly in the backstretch and then, under the hand of jockey Pate-Verde, moved up in a last minute bid. At 10 to 1 to finish third behind Lord Fairmond and Coleraine, the hind bar was Misty Waters, owned by D. J. Kennedy of Winnipeg.

Maple Sugar Crop

QUEBEC, May 18.—(CP)—Quebec's maple sugar and syrup crop will be about 75 per cent of last year's and its value will be about \$8,000,000, the agricultural department reported today.

# SPORTS BULLETIN

EDMONTON BULLETIN, Tuesday, May 18, 1948

**IT'S GOTTA BE A MOB SCENE** . . . When Babe Ruth smacked his 60th home run for the season of 1927, a record that has never been equalled, only the Yankees' Lou Gehrig, their bat boy, the umpire and opposing catcher were at the plate to watch him complete the bases, as this picture shows.

**BUT WHEN HOLLYWOOD** duplicated the scene with actor William Bendix at Yankee Stadium, in their quest for authenticity, they had to get everybody but the butcher boy in the act.

the province will soon know why the Royal Canadian Golf Association is endeavouring to collect \$1 a year per active male member. Pamphlets outlining the scheme have already been mailed to Alberta clubs by the provincial association.

Important Hindu holidays are celebrated with picturesque processions and colorful lights.

Bill's nearest rival was Ray Kingston of Point Grey, who was an even dozen strokes behind.

Mawhinney had the Buckingham trophy all wrapped up for delivery to Vancouver last year when he stepped on the 36th tee with a one-stroke margin over Keesler.

However, he overhauled the last green with his second and wound up with a big six. Keesler came through with a birdie four to retain the title he won the previous year in Edmonton.

Edmonton's golfers have scarcely had time to score holes-in-one, but down in Calgary a chap named Don Davis has marched into the Hall of Fame a couple of times this season. He scored his first ace on the 40-yard 5th at the Municipal course April 23 and canned his second Saturday on the 168-yard 14th on the same course.

# Harney to Don Suit For Cub-Esk Clash

## Morris Stands Pat on Opening Day Line-up

Cubs and Eskimos of the Big Four open their inter-city baseball rivalry at Renfrew Tuesday. Starting time of the contest is 8:00 p.m. under the arcs.

Laurel Harney, a former disciple of sharp practice with a catcher's mitt and manager of the Cubs this season, has his eye set on nipping Binks. In an effort to insure winning his first game in 40, Harney plans to insert himself into the lineup.

The maestro will catch Morris Hawkey's slants, while Doug Stevenson moves out to play shortstop. Otherwise, the Cub lineup will have Hank Tadeson at first, Tony Chulla, second, Jack Bartlett, third, and Ray Canepa, Al Superstein, and Cliff Johnston in the outer vistas.

Hawkey's mound opponent is likely to be Jerry Seaman. Manager Ed Morris is expected to stand pat on the lineup which split a two-game series with Buffaloes here over the weekend. That means Morris catching, Ralph Morgan, Bill Price, Frank Gonzales, and Tom Kennedy in the infield, and Dick Stitt, Dave Brockie, and Gene Perani playing outfield.

On Monday Harney sharpened his axe to cut Colin Kilburn and Les Stobo from the club. Kilburn had all the hustle necessary to playing in the Big Four, but against Purdy 90 over the weekend had trouble getting as much as a foul off Calgary chucking. Stobo pitched 1 2/3 innings Sunday at Cubs and 4-2 to the Oilers.

Dick Peters, a tall blond right-hander from Carleton Place, Ontario, joined the Harneys Monday. His presence boosts Cub hurling strength to six, including Hawkey, Al Purvis, Milt Trann, Forrest Hunter, and Vern Callahan.

High Ducey is mobile in suit, surrounding more talent. Two pitchers—Bill Healy and Lefty Bob Collins are negotiating with Edmonton. Healy is a 20-year-old right-hander who has been placed on the voluntarily retired list.

Sacramento Solons, while south-paw Collins is attending University of San Francisco.

## RIDER'S WIFE GIVEN \$4,170 DERBY SHARE

MIAMI, Fla., May 18.—(AP)—Mrs. Al Snider received a cheque for \$4,170 Monday as a share of the money her Calgary-born husband would have won had he ridden Citation in the Kentucky Derby.

Snider was lost on a fishing trip in the Florida Keys early in March. The famed jockey was to have ridden Calumet Farm's winner in the classic.

Eddie Arcaro rode the horse to victory. He and owner Warren Wright shared their winnings with the pretty auburn-haired girl who declares she hasn't completely given up hope for her missing husband's survival.

"It looks hopeless," she said. "I have to face facts and go on to make a life for my little girl."

Her daughter, Nancy, is six.

## Stymie Added For Big PGA Tournament

ST. LOUIS, May 18.—(AP)—To the surprise of some competitors, the stymie has been added to the natural hazards of the Norwood Hills Country Club for the Professional Golf Association's 30th annual championship tournament starting Wednesday.

It was news to defending champion Jim Ferrier and, in his opinion, will provide a stiff test for that section of the preamble to the rules of golf that says it's supposed to be a gentleman's game.

"The stymie introduces an element of luck into a game in which skill is already present in sufficient quantity," Ferrier said.

For the benefit of the uninitiated, a player is stymied when he is ready to shoot and finds that his opponent's ball lies in the line of his putt to the hole. Most of the pros care little for the rule requiring that stymies be played.

But executive secretary Thomas W. Crane of the PGA says that it is the way the pros must play in the match play phase of the event. The \$17,500 tournament will be the first PGA match play event since 1942 to require the United States Golf Association rules even unto the stymie.

"I think if I putt enough to lay myself a stymie, I should be penalized," Ferrier said. "But when an opponent misses a putt

# Bankhead ON SPORT

By STAN MOHIER, Editor

## Bankhead Answers Cub SOS

Just last season Pitcher Bankhead was much in the news. After spending a large part of the 1947 campaign with Montreal he was brought up to Brooklyn just before the start of the World Series. Because he was a Negro, trying more or less to follow in the footsteps of starchy Jackie Robinson, he received a press somewhat out of kilter with his actual contribution to the Dodger cause.

Within a day or two another Bankhead—by name Milt—will be big news in Big Four Baseball League circles. This member of the tribe is no relation to Dan Bankhead, is not, as a matter of fact, a Negro.

Rather Milt Bankhead is an outfielder, home town Berkeley, Calif. According to available information the reputedly hard-hitting gardener is hurrying post haste from his home in the Sunbelt State to join Manager Laurel Harney's Edmonton Motors Cubs.

And while at it, Cub's management also has been in touch with Joe Naples, one of Vancouver's better known ballplayers. Naples, like Bankhead, is an outfielder by trade and is supposed to be handy with the stick. At a late hour Monday Naples hadn't said yes but neither had he turned his back on a proposal that he head over the mountains for the summer.

## Prexy Roche Imposes Ban

It took those three week-end setbacks at the hands of Purdy 99 to emphasize the fact that the Cub machine needs new speed, Bankhead, Naples (perhaps) and more reinforcements which have been promised should rectify the situation.

Incidentally Henry Roche, No. 1 of the Big Four inner councils, Monday indicated he was planning a house cleaning of the League's more loose tongued operatives.

"The swearing and so on is out from now on," he promised. "I'm issuing strict orders to this effect. At the same time the umpires are being instructed to put offenders out of the game the first time it happens."

"If the boys have to let off steam they should pick their spots. We won't have them embarrassing the fans."

All over the country heads of circuits are moving in on the gents with sulphurous tongues. No one wants to put hobbles on aggressiveness. But there are other and better ways of getting the shoulder to the wheel.

## Jack Bartlett Will Do

Laurel Harney is pleased with what shortstop Jack Bartlett, who joined the club Saturday from California, showed him in the Calgary end of the League opener. Seems the young fellow hustles and has a real good arm. Ray Canepa also showed to advantage in southern Alberta. He met the ball solidly and there's reason to believe he'll hit.

According to the dope sheets Milt Trann was very impressive in a pair of relief roles against the champion Purtyes. On the other hand second-sacker Tony Chulla, top base piffner, a season back, has had his effectiveness cut down because of a sore right shoulder.

Cubs will be hot after a win Tuesday night at the expense of the Eskimos. Sometimes that first triumph is the hardest of all to come up with. The Motormen got nothing in Calgary... feel overdue.

Those grand slam homers at the week-end, by Dick Noon and 'Chuck' Restell, a pair of Calgary sluggers, will do until another big stick welder tears off on one of the Loopy's better boys.

Such out-of-the-park shots generally stimulate box office activity. They represent, in fact, money in the sock.

## Boston's Braves Dim Brooklyn Flag Hopes

NEW YORK, May 18.—(CP)—If the Brooklyn Dodgers want to win another National League pennant, one of the first things they'll have to figure out is how to beat Billy Southworth's Boston Braves.

The Bums are mired in sixth place today, mostly because they can't beat Boston. The Braves have whipped them four times in four starts, and judging by Monday night's performance, they figure to keep up the pace.

**IBBY ATTACK**  
Victories in those four games would have put Leo Durocher's boys in first place. But judging by the 18 hits a collection of Brooklyn pitchers gave up in Monday's 12-5 debacle, they won't be seeing much of the top spot for quite a while.

Johnny Sain was no great shakes on the mound for the winners, but helped out at the plate by driving in two runs with an eighth-inning single, just after Bob Elliott had turned the same trick.

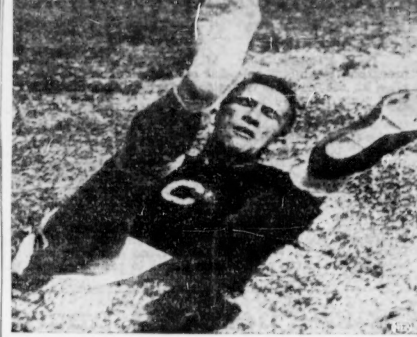

A steady four-hit job by Blix Donnelly gave Philadelphia Phillies a 7-1 win over the second-place New York Giants in the only other game played. That left the Braves and Phillies tied for third place, half a game behind the Giants and two games back of the idle St. Louis Cardinals.

Johnny Blatnik had three safeties for the winners and Donnelly drove in a run himself with a triple. Old Bobo Newsum was the losing pitcher.

## Retriever Trials Billed Sunday

Highlighted by the Open All-Age Stake, Edmonton Sporting Dog Club's retriever trials will be held at Edmonton Beach, 25 miles west of Edmonton on the Jasper highway, Sunday.

A total of 36 dogs will vie for honors. Three are entered in the Puppy Stake, 15 in the 12-month trophy; 17 in the novice for the EDC award, and 16 in the All-Age Stake for the Woodward.

CALIFORNIA'S CHUCK HANGER lands bottom up in sawdust pit after failing to better a Stanford-California meet record of six feet, six inches. Hanger's first place six-foot five, however, helped the Golden Bears triumph over the Indians at Palo Alto, 76-55.

## South Side Keyed Up Over Junior Ball Club

The finest junior baseball club to represent South Side in many and many a year is in the making.

That is the belief of the Seona moguls as they chase 25 players through the final week of spring training.

South Side opens the 1948 campaign against Budd Williamson's EAC nine on May 23 at Clarke Stadium, Canadiana's tangle with CNR in the first half of the double-header.

Marvin Miller, who won six and lost two as a pitching chattel of Army and Navy Cardinals in 1946, heads the South Side board of strategy. Head coach Colnel Desjardines, Bill Robinson, and Rod Clark complete Manager Miller's staff.

The latter pair handle the juveniles in the South Side chain, and have called workouts every night this week at King Edward school. Miller's juniors practise every evening at 6:30 at South Side Athletic Grounds.

Returnees to the current South Side team include infielders Don (Lefty) Wyron, Don Wingfield, and Denny Smith; pitchers Hal Foras and Don Crough; and outfielders Kenneth Crough and Owen C. Dowell. Vern Callahan is expected to bolster the mound corps if he falls to make the grade against Big Four batmen.

Desjardines signed Allan Gibson, Bill Cheery, John Christenson, Kenneth Campbell, Clarence Feurst, and Keith Randolph to the South Side roster Monday. Feurst is an honors agriculture student at U of A who calls Bashaw home. Randolph, a catcher, spent 1947 shooting on both sides north between the Canadian and EAC camps.

Miller, a dark six-footer, toiled on mounds in Toronto and Halifax while with the ICAFC. He has strings out for Eric Wigeland. Benny Grabow and Steve Mendryk. Wigeland hurled for EAC in '41, while Grabow and Mendryk wore Maple Leaf regalia.

## Red Cross Buys Calgary Property

CALGARY, May 18.—(CP)—The Alberta branch of the Canadian Red Cross yesterday purchased the Longhouse property on 13th Avenue West for \$10,000. The site, now occupied by the organization, will be the site of the Alberta headquarters of the society.

**MEDICINE HAT, May 18.—**(CP)—Playing coach Joe Fisher of Regina Capitals' 1947-48 version has signed on to coach Medicine Hat Flyers junior hockey squad next season. It was learned Monday.

Tigers will be one of a five-team Southern Alberta Junior Hockey League, reorganized at Monday Sunday by the addition of Drumheller. Other centres represented are Lethbridge, Calgary and Bellevue.

Acquisition of Fisher, a home town product and now a local business man, is considered a strong bid by the Hat for Memorial Cup prospects.

Shield. Four dogs are entered from Calgary and three from Ponoka.

The All-Age Stake will be run after lunch and the progress of the event will be broadcast through a public address system.

## WIN A MONARCH

CAR—100 GALS. GAS—BIG CASH PRIZES

Send your name and address along with a bouquet from either Palmolive 32oz Cream-Lather or Brushless—may Halo Shampoo (or facsimile) to: "SHARE THE WEALTH" TORONTO 1

by chance. The first person who correctly answers the question by telephone on the broadcast of the Palmolive Show will win a Halo Shampoo. An eligible entry is one that correctly answers the question: "What is the name of the shampoo that will give you 100 gallons of gas—free?" (facsimile). Entries without correct answers to the question will not be eligible.

Consent upon receipt of Canada only—except in cases of California, California, and other states and territories.

WIN with a bouquet from either PALMOLIVE SHAVE CREAM (LATHER OR BRUSHLESS) OF HALO SHAMPOO

## The year was 1835 ...

... over 32 miles of primitive roads and tangled woodland trails walked six Canadian pioneers ... arguing fiercely as they went. Their purpose: to kill each other's vote!

Yes, these six early settlers knew they were evenly divided in opinion ... that three would vote for one candidate Dr. William Dunlop, The Canada Company's man ... and three would vote for the other candidate, Col. Anthony Van Egmond. Yet they made the grueling march to Goderich, Ontario, there to cast their ballots in the 1835 election of The Upper Canada Legislative Assembly. Not one of the six said "There's no use my going—my vote will be killed."

When YOU cast your secret ballot at every election—municipal, provincial, federal—you exercise a duty and privilege planned, worked and fought for by your forefathers. Your vote protects the future of your children. To fail in this duty is to be less than a good citizen.

## How To Hold FALSE TEETH More Firmly In Place

Do your false teeth annoy and embarrass when slipping, dropping or wobbling when you eat? Just use a little FASTEREEN on your teeth. This adhesive (non-toxic) powder holds false teeth more firmly and more comfortably. No gummy, gooey breath taste or feeling. Does not sour. Checks plate color. Ideal for denture breath. Get FASTEREEN today at any drug store.

## Low Urges North Outlet to Coast

SC Leader Calls Upon Govt. To Build Long-Sought Railway

OTTAWA, May 18.—(CP)—Solon Low, Social Credit leader, called yesterday upon the government to build the long-sought railway line from the Peace River country of northern Alberta and British Columbia to the Pacific coast.

## Canada Coast Guard Urged

OTTAWA, May 18.—(CP)—J. L. Gibson (Ind.-Cons.-Liberal) said last night he had been "terribly ashamed" at times when the United States coast guard had to be called in to handle some marine emergency in Canadian Pacific waters.

Speaking in Commons on transport department estimates, he urged establishment of a Canadian coast guard.

Gibson said the "excellent" men who manned the life-saving equipment on the Pacific coast must be overcome with a sense of futility. They had two 40-foot boats, that were almost open and "totally inadequate" for dealing with one of the great trade routes of the world.

### U.S. HELP NEEDED

Their crews would perish in some winter storms. In any real emergency, American help was needed. A coast guard should be established under the defence department. Excellent boats had been available but had been obtained from war assets.

Transport Minister Chevrier said the estimates provided for purchase of a lifeboat worth some \$65,000. However, the larger question of a coast guard would straddle much more than his own department.

## ERP Lands Must Cut Money Value If Asked

WASHINGTON, May 18.—(AP)—The United States will "require" European Recovery Program countries to consider devaluing their currencies when the United States thinks they should, the administration's top group on foreign finance said yesterday.

The National Advisory Council, which reports to Congress by President Truman, said the United States will "require" countries getting ERP aid to work out devaluation with the 46-country World Monetary Fund.

The requirement will be asserted whenever the council "believes that a country's exchange rate is imposing an unjustifiable burden on its balance of payments"—in other words, when inflated currency is drying up the country's sales to other countries.

### HOLD THREAT

Apparently, the United States could "require" countries getting aid under the \$5,300,000,000 ERP at least work out devaluation with the 46-country World Monetary Fund.

## MARATHON GAMBLERS CLEAN UP \$12,300

LAS VEGAS, Nev., May 18.—(AP)—Three marathon gamblers rounded out a week of continuous play at the roulette wheels yesterday and claimed they were ahead \$12,300.

This was the largest winning reported by the trio who began last Monday and, relieving each other at the table, followed a "system" which involves consistently playing number one.

Jack Cortez, 23, New York, who took over yesterday morning's shift, said the system was working "perfectly." The trio raised the amount of each bet from the \$3 they were playing last week to \$10 Sunday night.

Cortez, fellow-players are Albert Hibbs, 23, Chillicothe, Ohio, and Roy Walford, also 23, of San Diego, Calif. They won \$8,000 at Reno last year but have not fared too well in Las Vegas in recent weeks until their latest attempt.

## Radio-Therapy Cancer Study Is New Hope

VANCOUVER, May 18.—(CP)—Officials of the B.C. Cancer Foundation and Society said yesterday a panel of experts may be named shortly to investigate the use of radio-therapy in treatment of malignant cancer.

"We have only started to consider the investigation," they said. "We do not wish to raise false hopes."

The radio-therapy technique is under study by Dr. Ivan C. C. Thaperoff, radiologist at St. Joseph's hospital in Victoria.

In a statement released yesterday, Sister Rose Mary, hospital superior, said:

"Dr. Thaperoff does not claim to know the cause of cancer nor to have developed an absolute cure. Further research is necessary in this matter."

### HAS MADE PROGRESS

"Dr. Thaperoff... has been able to develop a treatment, the results of which already have reduced tumor so as to remove danger in some cases, and in other cases have caused the tumor to disappear altogether."

Sister Rose Mary also said the hospital's cancer clinic board of trustees has applied for financial assistance from the British Columbia Cancer Foundation and has asked for \$200,000 from public funds collected by the Cancer Foundation.

Until the necessary financial support is assured, she said, "it is emphasized that premature speculations are bound to result in harmful and misleading impressions as to the present state of achievement."

## TONIGHT A REVELATION

You will be amazed to see how your whole life is revealed through your NAME through mathematics. After listening to a lecture by Alfred J. Parker you will fully realize what is meant in the Scriptures by "THE POWER OF THE WORD" and you will know why ABRAHAM changed his name to ABRAHAM to live his Destiny; Why Saul changed to Paul, Jacob to Israel; Naomi to Marate.

## University Registrar Signs Sons' Diplomas

University convocation is something of a family affair this year for Varsity Registrar G. B. Taylor.

In his official capacity Mr. Taylor has had to sign about 900 diplomas for degree winners during the past week.

## Child Welfare

### Plan Is Best

Alberta's welfare system of placing children in private homes is the best in Canada.

C. B. Hill, superintendent of child welfare for the province, made this statement to the Royal Commission investigating child welfare conditions in Alberta Monday.

Citizen interest and effort in caring for children is the best system to be followed, he declared. He said he opposed private institutions or "homes" for children on grounds there is no distinction between children.

### BY PRIVATE INTERVIEW

He told the investigating commission that in his opinion the only satisfactory method of placing children is by private interview with the mother.

The decision to be made by the mother is a difficult one, he pointed out, and she should be saved any unnecessary embarrassment.

If the mother wishes to keep her child, he added, his department does all it can to assist her.

Prior to 1922, he explained, mothers of children born out of wedlock had to appear in court and give reason for wanting to give them up.

The usual reason, he said, is because the mother was considering the best interests of the child and had no means of looking after them.

Mr. Hill further stressed that in other provinces the children are housed in special buildings, while in Alberta, they get special care from families who take them in.

## Land Breaking

### Contract Awarded

Fourth contract to provide cultivated land for veteran-settlers in Alberta's Peace River district was announced Monday by Hon. N. E. Tanner, minister of lands and mines.

The contract went to Nick and Edward Johnson of Reno, Alberta, and calls for the clearing and breaking of 960 acres of land in the Vanham area, northwest of Eagleham.

The contractors are to be paid \$25 an acre for preparing the land for seeding.

First contract went to O. B. Laster of Chin, for the breaking of 100,000 acres. This part of the project was delayed last fall when the contractor got into difficulties with the provincial treasury branches.

Mix Bros. of Edmonton hold a contract for 10,000 acres. Peter Simonson of Edmonton has the contract for breaking of 6,000 acres.

## Bishop Arrested

VATICAN CITY, May 18.—(AP)—Vatican sources said it was learned today Yugoslav authorities arrested Mgr. Pule Cile, bishop of Mostar, April 29.

OVERSEAS AWARD for 45 years in the London postal department, the Imperial Service Medal, was presented to G. H. Richards, 5807 107 street, at a simple ceremony in the office of Lieutenant-Governor J. C. Bowen, Monday. Mr. Richards recently arrived in Edmonton from England where he served the postal department through blitz, rocket and buzz-bomb attacks. He is seen here with Mrs. Richards. —Photo by Blair

ABOUT TO SHOOT THE WORKS is projectionist William B. Allen, shown beside his big movie-projector at the Capitol Theatre. In the business for 37 years, he rarely follows the picture. —Photo by Blair

## Do Movie Projectionists Get Blase—Answer, Yes

By Harold Delany

For a man who doesn't particularly care for movies, projectionist William B. Allen certainly sees a lot of them.

Thirty-seven years of working "up in the Gods" have left Mr. Allen a little blasé towards the Hollywood offerings. He doesn't dislike all pictures—just the "mushy love dramas," as he puts it.

One movie which has repeatedly penetrated his indifference, and which he insists is "the greatest moving-picture ever made," is the David G. Selznick super-spectacle, "Gone With the Wind."

Mr. Allen has seen just about every "big-league" picture that has been produced since 1911. That, incidentally, is the year he began what was to be his life-time job by cranking the handle

of the first movie projector. The man who has already been cranking for 37 years, he must admit, is a little blasé.

When he is asked to project a picture, he usually closes the shutter of his machine and raises the shutter of his mouth.

At home, our projectionist isn't quite so harried. In fact, for relaxation he once-in-a-while takes his wife to the—his right—the movies. That is, he'll go if he figures the picture isn't too "tripey" or "over-censored."

### FAMILY ARE ADDICTS

Mr. Allen's wife and two daughters aren't nearly as critical, however.

As he puts it: "They're not only uncritical, to the point of saying that practically every show is good—they're absolute addicts."

"But I wasn't always so hard on please," said Mr. Allen. "There was a time when I really enjoyed the old-time blood-and-thunder horse operas."

THE YUKON GOES "NEW LOOK"

## Malamute Saloon Gone; It's Whitehorse Inn Now

Jack DeLong, Edmonton Bulletin staff reporter, has just returned from a tour of the Yukon and Alberta's northland. This is one of a series of articles on what he saw.

"A bunch of boys were whooping it up in the Malamute Saloon; The kid that handles the music box was hitting a jag-time tune."

Yes, back in 1898 they whooped it up in the old Malamute Saloon. But in 1948 they "whoop 'er up" in what is probably Canada's most magnificent modern ballroom in the Whitehorse Inn.

The Klondike Saturday night of '98 saw grizzled miners in painted boots dancing with painted sirens from Seattle and Frisco's infamous Barbary coast.

Musical of a kind came from the half-stewed kid at the music box. The Yukon Saturday night of '48 brings out something just short of a formal ball with evening gowns and the new look of the order of the evening for the ladies.

Civilian males favor the latest in snappy suits with a tendency toward gaucherie creeping in of late. Army and air force personnel, both Canadian and American, are in uniform.

The music is supplied by a full eight-piece band that is fully "hep" to the latest lingo. "You would search the room in vain for a Dancer Dan McGrew or the lady that's known as Lou."

## Valedictory Service Held on "U" Campus

### ROADS DRYING, "BIKE" THIEVES BUSY IN CITY

A sure sign that Edmonton's roads are drying up is a minor epidemic of bicycle thefts reported by police today.

Bicycles were stolen from Bud Hollinger, 12720 128 street, from Calder school Monday afternoon, from Dave Darwish 10538 109 street, Monday night, and from Charles Crum, 12330 79 street, Monday night.

A battery was reported stolen from a truck owned by Mix Brothers, 12853 Fort Trail, Sunday night.

Street railway officials told police that two fire extinguishers had been stolen from street car barns during the weekend.

## Death Calls

### Zionist Head

Leonard Bercuson, 33-year-old Western Canadian, director of the Canadian Zionist organization, died suddenly at his home at 10116 119 street on Monday.

Mr. Bercuson made his last public appearance at Talmud Torah hall on Sunday evening when Edmonton Jews gathered to celebrate the formation of the new state of Israel in Palestine.

He read a copy of the proclamation which created the new Jewish home-land.

Death followed a heart attack Monday morning.

He was a native of Calgary, where his mother, Mrs. J. Bercuson, still survives.

He was a graduate of the University of Alberta and later took a post-graduate course at McGill, specializing in education.

Mr. Bercuson became principal of the Snook Lake high school and occupied that post for five years, until he became director of adult education for the province of Alberta.

About two years ago he accepted the Zionist organization directorship.

In his last few years he has become well-known as a radio news commentator.

Besides his mother, he is survived by his wife and infant daughter, Gail, one brother, Joseph of Montreal, and a sister, Mrs. S. Myer, who was killed on active service with the RCAF.

A funeral service will be held at Connelly-McKinley funeral home at 4 o'clock this afternoon, and interment will be at the Edmonton Jewish cemetery.

## 250,000 Britons Going To Australia

CANBERRA, May 18.—(Reuters)—Some 250,000 Britons wishing to migrate to Australia applied for passage at Australia House in London during the first four months of the year.

An Australian minister for immigration, announced yesterday.

## Dollars "Frozen"

BUENOS AIRES, May 18.—(AP)—Bankers reported yesterday that the government-owned Central Bank of Argentina has suspended transfer of dollars and other hard currencies from the country in payment of imports.

Club member Bill Crum lead the members in the sing-song, assisted at the piano by Miss Marion Craig.

President Walter Sprague expressed the thanks of the club for the opportunity to participate in Community Radio Week.

New member John Mitchell was introduced to the club, also Jack W. Glenwright, Toronto, a former member of the Edmonton Kiwanis.

## 300 Guests Attend Alumni Assn. Dinner

Annual valedictory exercises and Founders' Day ceremony of the University of Alberta were held Monday afternoon on the campus.

About 150 graduates and their families attended. Virginia Webb, graduate in civil engineering, reviewed the activities of the class of '45 as class historian.

Eldon Foote, graduate in law, gave the valedictory address.

Mrs. E. W. S. Kane, of the Varsity Alumni Association, addressed the graduating students on the "little things" accomplished by the association which actually mean so much and are of such value in life after graduation.

Gordon Coates, president of the graduating senior class, presented the class gift to the University.

Dr. Robert Newton, University president, accepted the gift on behalf of the University.

Dr. W. G. Hardy, honorary president of the senior class, gave a address of advice to the graduating students.

Organist for the valedictory exercises was Professor L. H. Nichols. Executive and members of the senior class, Dr. Newton and Dr. Hardy took part in the Founders' Day ceremony.

First spade of earth in the planting of a tree on the campus in commemoration of the founding of the University was turned by Dr. Hardy.

Executive of the senior class includes: Gordon Coates, president; Dr. W. G. Hardy, honorary president; Beth Tanner, vice-president; Keith Henry, secretary-treasurer; Gordon Greenwood, Helen Lilly, Joan Dawson, members.

About 300 guests attended the annual University Alumni Association dinner in Alhambra hall on the campus Monday night.

Toastmaster was Dr. W. H. Swift, deputy minister of education for Alberta, and president of the association.

Miss Beth Tanner, vice-president of the senior class, proposed the toast to the University. Toast was given by Dr. Robert Newton, Varsity president.

Professor B. D. Sinclair, dean of agriculture and graduate of the U of A class of 1919, led the toast to the graduates. Gordon Greenwood, executive member of the senior class, responded to the toast.

Three one-quarter-hour programs were aired from the meeting in the Macdonald hotel. They were the Mid-Day Merry-Go-Round, the Sports Parade and a program of community singing by members at the meeting.

Kiwanis Luncheon meeting Monday "took to the air" as members participated in Community Radio Week over station CFRN.

## HOUSE WARMING PROVES COSTLY TO CITY MAN

A fine greeting was given W. G. Timms Monday as he was moving into his new home at 8205 112 avenue.

While he was away bringing furniture to his house vandals were at work.

They broke into the house by way of the front window.

Fire broke was from the gas radiant and strewn about the floor. There was mud over the wallpaper and in the basement a number of articles were broken and strewn about the floor.

## Industrial Survey Results Are Good

Encouraging results are being obtained from an industrial survey being conducted in Alberta by the provincial government.

The survey is taking place to determine employment possibilities and housing opportunities in the province for immigrants brought to Alberta under the provincial government's British immigration program.

Canvassing of chambers of commerce and boards of trade throughout Alberta had not resulted in a satisfactory number of returns.

A Bradshaw, conducting the survey for immigrants, then canvassed a number of large industrial firms.

It is reported about 20 per cent of the firms approached up to this week had indicated possibilities of employment for skilled help from England. This is said to be particularly true of miners.

## Transport Board Studies Rail Safety In Mountain Area

OTTAWA, May 18.—(CP)—The Board of Transport Commissioners has a special committee studying means of safeguarding railways from slides in the Rocky Mountain area.

Transport Minister Chevrier told the Commons last night.

He said the Canadian National railways has put aside \$1,000,000 for the installation of a block system to warn locomotive engineers of slides. He presumed the Canadian Pacific railway was taking similar steps.

He was replying during a question period to H. W. Herd, Liberal member for Edmonton West, who said the railways in his riding ran through one of the most dangerous routes in the country.

## SHOPPING GUIDE

## Pungent Seasonings Transform Dull Dishes

By Bea Thrifty

As mint is to the mint julep—so herbs of all kinds are to cookery of all kinds.

If you love to experiment with new pungent seasonings—now is the time to consider the planting of chives, dill, parsley and mint itself, in your backyard garden plot.

Secret of successful cooking with herbs is knowing enough to use them sparingly and to add them to cooked foods near the end of the cooking period.

My favorite old standby is chives, little cousins of the onion and the refined cousins that it is.

Chives have a more delicate flavor and are perfect in omelets, sauces, scalloped potatoes, and all fresh foods where just a trace of onion adds zest to the flavor.

Whisperings from the masses can be heard on the sore subject of margarine—to be or not to be. Last and fairly definite words add up to say that housewives must carry on the battle of the budget without margarine.

Why? There are evidently a lot of reasons—all of them quite plausible—but then on the other side, women, weary of their pennies can think of just as many reasons why they should be allowed to have the butter substitute in Canada.

However—this whole affair must be ironed out in the course of time.

Feminine uprisings are not things to be ignored, however—and the time may come.

But back to the kitchen woman—and might I say that the regal asparagus is bowing to the mere masses—at 37¢ a pound.

Bright-as-a-penny drawer handles and kittle knobs can be purchased for a small exchange of coins—and incidentally do a mighty fine job of coloring up your kitchen.

They come in bright red, green, black, blue and yellow—are made of heavy, durable plastic and are the easiest things in the world to keep clean.

When you do your kitchen decorating job—consider these little efforts.

Try as you may you really can't get along without regular trousers and skirt hangers.

A few cents—15¢ to be exact—and you have an arrangement that keeps your clothes from creases.

Gifts from the graduate: from a friend of the family, it's always a small exchange of coins—and incidentally do a mighty fine job of coloring up your kitchen.

## WHY GROW OLD

## Sun Glasses Important; Stop Eye Strain, Squint

Dark glasses, like those worn by Actress Janis Carter, above, will help you avoid lines around your eyes this summer.

By Josephine Lowman

With summer just around the corner, sun glasses become important if you are going to save your eyes from strain or wish to avoid squint lines.

In order to obtain more information for you I have interviewed a man who knows all about it!

A good sun glass will absorb from 80 to 90 per cent of the infra red rays, which are the most harmful ones, and possibly all of the ultra violet rays, which are also to be avoided. Most people do not know that dark coloring alone does not make a good glass. A fine ophthalmic lens is needed. In other words, the quality of the glass itself is important. Grinding and polishing are not enough.

This expert explained it to me in this way. He said, "Have you ever stood in front of a window pane and realized that it distorts vision? You could take a milk bottle and grind and polish it for a long, long time but it would never make a good sun glass because the glass itself is inferior. The color of a good glass comes, not from dyeing, but from chemical properties which absorb the harmful rays."

He also told me that poor sun glasses cut down on vision. As he talked about reduced vision, I thought of the thousands of folks who will don glasses and take to the road in their cars at vacation time. I wonder if this could be a factor in the high rate of accidents?

It was also suggested that one should not wear sun glasses except when they are actually needed. Many women wear them about most of the time during summer months. They should not be worn indoors because the wearer's eyes will develop a sensitivity to sunlight.

I was also interested in the fact that when using a good lens, color perception becomes almost normal within a few minutes.

## DOROTHY DIX SAYS—

## Ambition Not Sign Of Good Husband

DEAR MISS DIX: My husband and I have been separated for over four years and divorced for two.

He was always good and kind to me, but he never had any ambition or sense of responsibility and I had to support the family.

My husband is now 42 years old and she dearly loves her Daddy and is very unhappy without him.

I am very unhappy also, for I know I can never love any man as much as I do him. I often think that I would be happier with him, even if I had to be the bread winner, than without him. I know he loves me deeply and is miserable away from me.

What do you think is best for me to do? I am very lonely.

MRS. W.

ANSWER: No problem is more difficult to solve than what an efficient woman should do with a sweet and amiable husband who is a nice household pet, but no provider.

And there are so many of these men, gentle, affectionate, lovable, but with no faculty for making a living.

They would have made lovely wives and mothers if only Nature hadn't gotten things balled up.

These men, fortunately, seem to have a talent for marrying good business women, with varying results. Sometimes the husband's inability to make money irritates the efficient wife so that she divorces him.

Other times the smart business woman realizes that her husband's love and companionship compensate for his lack of earning power. She makes a living and they live happily together.

I think that is your case. You are miserable separated from the man you love, and you are not a business woman.

John, violinist, and drummer J. Macintyre.

Tea for the committee was served following the program. Mrs. Casselman presided at the tea table and Mrs. G. Rice and Mrs. N. A. Bradley assisted in serving.

Solo numbers were given by Mrs. Robert Kasting and Ruth Douglas, directors of the show.

Thanks of the YWCA were brought at intermission by Mrs. Cora Casselman, general secretary.

Mrs. Art Potter and Mrs. J. M. Johnston designed the costumes. Robert Hunter and Robert Kasting were in charge of lighting and sets were created by Les Pichler and Mrs. T. Myer assisted by members of the health and education committee.

Art Potter was master of ceremonies. Music was provided by Mrs. T. Malone at the piano, Mrs. Robert Kasting and Ruth Douglas, directors of the show.

Thanks of the YWCA were brought at intermission by Mrs. Cora Casselman, general secretary.

## PEACH "ROUGE" POSES PROBLEM

ALBANY, N.Y., May 18.—(AP)—The State Department of Agriculture has a problem in misplaced rouge.

It's on the cheeks of peaches. This, says the department, is adulteration of food.

A report issued today revealed that a pink powder was discovered during the last year on "a lot" of immature peaches. A food laboratory found the artificial bloom could be rubbed off with water.

## Brandon To Nelson Motorcade Will Boost South Route

LETHBRIDGE, Alta., May 18.—(CP)—Cabinet ministers from the three Prairie provinces and British Columbia are expected to accompany the Brandon-to-Nelson motorcade during at least part of its jaunt, it was learned yesterday.

The southern Trans-Canada Highway Association sponsors, said Minister William Martin, would be on the last leg of the trip, flying from Winnipeg to Lethbridge.

The federal government will be represented by Agriculture Minister Gardiner.

## Household Arts

By Alice Brooks

Mother loves this new-baby cap and jacket. Each garment is crunched in one straight piece—easy to make, easy to launder!

Grand for baby shower—it's done in pink and blue. Pattern 7044 has directions in infants size.

Our improved pattern—visual with easy-to-use charts and photos, and complete directions—makes needlework easy.

Send twenty-five cents in coins for this pattern (stamps cannot be accepted) to The Edmonton Bulletin, Household Arts Dept., 60 Front Street, W., Toronto, J.A. Ont. Please allow a week or 10 days for delivery.

What do you think is best for me to do? I am very lonely.

And there are so many of these men, gentle, affectionate, lovable, but with no faculty for making a living.

They would have made lovely wives and mothers if only Nature hadn't gotten things balled up.

These men, fortunately, seem to have a talent for marrying good business women, with varying results. Sometimes the husband's inability to make money irritates the efficient wife so that she divorces him.

Other times the smart business woman realizes that her husband's love and companionship compensate for his lack of earning power. She makes a living and they live happily together.

I think that is your case. You are miserable separated from the man you love, and you are not a business woman.

John, violinist, and drummer J. Macintyre.

Tea for the committee was served following the program. Mrs. Casselman presided at the tea table and Mrs. G. Rice and Mrs. N. A. Bradley assisted in serving.

Solo numbers were given by Mrs. Robert Kasting and Ruth Douglas, directors of the show.

Thanks of the YWCA were brought at intermission by Mrs. Cora Casselman, general secretary.

Mrs. Art Potter and Mrs. J. M. Johnston designed the costumes. Robert Hunter and Robert Kasting were in charge of lighting and sets were created by Les Pichler and Mrs. T. Myer assisted by members of the health and education committee.

Art Potter was master of ceremonies. Music was provided by Mrs. T. Malone at the piano, Mrs. Robert Kasting and Ruth Douglas, directors of the show.

Thanks of the YWCA were brought at intermission by Mrs. Cora Casselman, general secretary.

## YOUR BABY AND MINE

## Unwelcome Attention Frightens Children

By Myrtle Meyer Eldred

It is necessary to convince a child that strangers mean him no harm, by insuring that they do not force their unwelcome attentions upon him.

Then and then only will the child's confidence develop and he will feel the courage to make friends with them.

At about nine months of age, the child begins to draw away from strangers and stay close to the arms of the parent. If the stranger talk softly, smile pleasantly and leave the baby alone. This is the only way to allay fears.

Mrs. T. F. says her five-month-old baby cries when any stranger comes near her. "We live with my parents," she writes, "and she is friendly with all members of the family. But, if a friend or relative appears and speaks to her, she cries and looks around until she sees a familiar face. If the stranger stay across the room, and she can see us, she is all right. But if they come near she cries as if someone were sticking her with pins."

The answer is right there. Let the strangers stay on the other side of the room. Young as she is, she will recognize that they mean her no harm and eventually she will be wooing them with her smiles.

A Mother: "What can I do for dandruff on the head of a two-year-old? What can I do to improve her appetite? She weighs only 27 pounds, but is active and has sparkly eyes, but a very poor appetite."

Some dandruff is natural during certain periods of the year. But as for a remedy for chronic dandruff, that is a stinkier. Wash the head well, rub it red with gentle massage; use some oil on it occasionally. Do not scrape up the dandruff that irritates the scalp. That's really all I know.

Vitamin B is an appetite stimulant. Your doctor will advise appropriate products containing this. Maybe, you are not feeding correctly or feeding too often or using too much milk or too rich a milk. It is difficult to be intelligent on this subject without more information about the child.

There are so many possible reasons for a poor appetite; wrong maternal attitudes at meal times being a very commonplace one.

Our leaflets No. 26, "Feeding From One to Two Years," and No. 35, "Poor Appetites," may be had by addressing your request to Myrtle Meyer Eldred in care of this newspaper. Enclose self-addressed, stamped envelope.

Tomorrow: "Children Suffer From the Fear of Being Unprotected."

Send twenty-five cents in coins for this pattern (stamps cannot be accepted) to The Edmonton Bulletin, Household Arts Dept., 60 Front Street, W., Toronto, J.A. Ont. Please allow a week or 10 days for delivery.

What do you think is best for me to do? I am very lonely.

MRS. W.

ANSWER: No problem is more difficult to solve than what an efficient woman should do with a sweet and amiable husband who is a nice household pet, but no provider.

And there are so many of these men, gentle, affectionate, lovable, but with no faculty for making a living.

They would have made lovely wives and mothers if only Nature hadn't gotten things balled up.

These men, fortunately, seem to have a talent for marrying good business women, with varying results. Sometimes the husband's inability to make money irritates the efficient wife so that she divorces him.

Other times the smart business woman realizes that her husband's love and companionship compensate for his lack of earning power. She makes a living and they live happily together.

I think that is your case. You are miserable separated from the man you love, and you are not a business woman.

## Horoscope

By FRANCES DRAKE

Look in the section in which your birthday comes and find what your outlook is, according to the stars.

FOR WEDNESDAY, MAY 19, 1948

March 21 to April 20 (Aries)—A lot of small bits to routine matters. Most productive elements here, after moon, and with proper effort you should show real gains. Good aspects for romance.

April 21 to May 20 (Taurus)—Some advantages through personal contacts, definitely by intelligent handling. No chance, transportation workers, food dealers can prosper. Adroitness in art. Ref pay in R.M.

May 21 to June 21 (Gemini)—Fine outlook for most well-planned, clever, progressive projects. Really productive rays for business interests, and real estate and investments. Heart affairs favored.

June 22 to July 21 (Cancer)—Opportunity day, say stars. Both executive and employee will profit, if they can take a five-and-a-half attitude. Be consistent in your acts as well as talk.

July 22 to August 22 (Leo)—With reasonable use of disadvantages today, you can, chafe up good results. Be diplomatic with those under you as well as with superiors. News that will be encouraging.

August 23 to September 22 (Virgo)—Excellent planetary aspects today. Single with well-versed, but if you when possible and have definite plan of co-operation. You can do anything within reason. Go ahead, follow!

September 23 to October 22 (Libra)—Patience begins in car's day. One really can accomplish much under continued emotions, honest, honest. No needless hurrying if you have things under control. News that will be encouraging.

October 23 to November 22 (Scorpio)—On the friendly side. Day can be made doubly attractive for your particular purpose if some concrete design is followed. Don't be caught napping by less able ones.

November 23 to December 22 (Sagittarius)—Ample, generous rays evident. Be discerning. The start of it will enhance efforts, results of p.m. Confidential and financial matters sponsored.

December 23 to January 22 (Capricorn)—Another auspicious day for personal and business affairs. Transactions involving large amounts, important issues can succeed. Evening hours, romance, social affairs. Appearances.

January 23 to February 22 (Aquarius)—Stimulating day for your mind. Good and propitious in a practical way. Be free of false hopes. Good chances through forgotten sources may be broken p.m. hours.

February 23 to March 22 (Pisces)—Although your outlook should be pleasant and remunerative. Let no laxness spoil good possibilities. Avoid hysterical acts, quite calm, get better gains.

YOU BORN TODAY: There is no, the nifty-pammy about you folks. You have strength of character, and of willpower, but also are sensitive. Exceptionally in appeals from weaker ones. Taurus women are natural home-makers, the men good providers. You love your homes and children and fight for them admirably. Many noted architects, builders, farmers, gardeners and public officials are tireless Taurus workers. Seek education, religion. Don't worry!

Birthdate: John. Hopkins, founder Johns Hopkins Hospital; Madame Meibach, opera singer.

FOR WEDNESDAY, MAY 19, 1948

## Bowens Attend U of A Convocation Service

His Honor Lt.-Gov. J. C. Bowen and Mrs. Bowen attended convocation exercises of the University of Alberta at McDougall United Church Tuesday afternoon.

In Mrs. Bowen's party were Mrs. Francis Neul, Mrs. Ruth Bowen and Major C. V. Dacre, secretary to the Lieutenant-Governor.

They will attend the second session of convocation Wednesday afternoon and will be patrons at the graduation dance at the Macdonald hotel Wednesday evening.

## Fern Thompson Feted at Showers

Many hostesses have entertained in honor of Fern Thompson, bride-to-be of May.

Phyllis Priestly and Doreen Jones held a surprise kitchen shower for Miss Thompson at the home of Mrs. C. Priestly. Gifts were presented from the 16 guests.

Mrs. John Bouwmaster entertained 16 guests at a miscellaneous shower held for the bride-elect at the home of Mrs. R. Coulthorpe.

Mr. and Mrs. D. L. Hyde of Dr. Weston, arrived by plane over the weekend to attend graduation of their son, Donald. They were accompanied by Mrs. Lucy Davenport. They will leave for their home Thursday.

Mr. and Mrs. A. B. Spencer of Stettler are in Edmonton for convocation exercises at the University of Alberta at which their son, Babbie, will graduate. They will return Thursday to their home.

Mr. and Mrs. C. B. Hatfield and Mr. and Mrs. W. Fair, all of Calgary, arrived in the city by Monday to attend graduation of their sons, Clinton Bruce Hatfield and William Fair. They are guests at the Macdonald hotel.

Compiling Margaret Wilson, a bride-to-be of May 24, Mrs. F. Ferron and her daughters entertained at a miscellaneous shower recently. Twenty-four guests were present.

Empire Day Tea sponsored by Avonmore United Church (evening) will be held in the church Thursday from 3 to 5 p.m. Home cooking and candy will be for sale.

Receiving the guests will be Mrs. W. Martin, Mrs. J. E. Elson and Mrs. W. T. Wood will preside at the tea.

In charge of arrangements will be Mrs. H. J. Pedur while Mrs. J. Stewart and Mrs. H. Bearst will be in charge of the home cooking and candy sale.

Ruth Culver, after Edmonton soprano, will be guest soloist at the afternoon showing of the Wabasso Cotton Fashion Show in the Trocadero ballroom Wednesday.

The Earl of St. Andrew Chapter, IOOE, is sponsoring the Edmonton showing.

Mrs. A. M. Frederick has returned to Edmonton after spending three months visiting in New York City as a guest of her sister, Dr. Florence Hren.

Mrs. A. E. Morris arrived Saturday from Winnipeg to attend the McConnell-Prest wedding which will take place May 22.

MR. AND MRS. ROBERT E. SOLINGER who were married recently will reside in the city following a honeymoon trip to the Pacific Coast. The bride is the former Jean Rose Macdonald, daughter of H. B. Macdonald of Edmonton. The bridegroom is the son of Mr. and Mrs. J. Solinger of Star City, Sask.

## Flower-Banked Altar Forms Wedding Setting

All Saints' Cathedral decorated with spring flowers was the scene of the wedding Saturday at 4 p.m. of Jennie Kathleen Salamandick, daughter of Mr. and Mrs. William Salamandick, Vegreville, and James Sutherland Woods, son of Mr. and Mrs. P. J. Woods, Edmonton.

The Very Rev. Dean A. M. Tremblé performed the ceremony and Dorothy Tenpe played the wedding music.

Receiving the guests Mrs. Salamandick wore a gray dressmaker suit with maroon accessories and carriage of Tallman roses, Mrs. Woods chose a gray silk dress with Tallman rose corsage.

Dean Tremblé proposed the toast to the bride.

For a honeymoon trip to Japan the bride wore a beige sateen dress with maroon accessories. Mr. and Mrs. Woods will take up residence at 1175 60 street upon their return.

The bride, given in marriage by her father, wore a gown of white moire tulle, featuring a low-cut neckline, cap sleeves and a full skirt. She carried a bouquet of white lilies and a bouquet of white lilies.

## Mrs. W. Peet Elected Senior CWL President

Mrs. W. Peet was elected president of the Edmonton Senior Subdivision of the Catholic Women's League at the 36th annual meeting and banquet at the Corona hotel Monday night. She succeeds Mrs. Alex MacRae.

Other officers include, Mrs. A. G. Woodman, first vice-president; Mrs. F. J. Conroy, second vice-president; Mrs. P. T. Ford, third vice-president; Mrs. W. J. Macgill, recording secretary; Mrs. W. B. Matthews, corresponding secretary; Elizabeth Stuart, treasurer.

Most Rev. J. H. Macdonald, Roman Catholic Archbishop of Edmonton, reminded members of their responsibility towards God as well as towards each other and their country. He emphasized the need for religious education in the home and in the school and suggested that the women carry on the tradition of the past as well as working for the betterment of the society in which they live.

Talking on the problem of the "teenage boy," guest speaker John Burke told his audience that as they need sympathy and understanding from his parents and teachers. He thought the besetting sin of parents is to be ambitious, and that the boy must be considered in relation to his companions, home, school and society as a whole.

Mrs. Maclean, in her report, reviewed the year's efforts which included assistance to the needy and the sick, donations to the Cancer and Blind funds, sponsoring religious broadcasts and a gift to Archbishop O'Neill of Regina.

Fr. M. Murphy, chaplain of the group, encouraged members to continue their work for God and Canada.

Rev. Fr. H. V. Britton brought greetings from the Western Catholic Church thanked members for their cooperation with the paper throughout the year.

Greetings from Diocesan Council were brought by Mrs. C. Kelly and from the provincial branch by Mrs. I. Hawkes.

Convent's annual reports revealed a membership of 435, teas, raffish and other events held to raise money for various projects.

Mrs. P. R. Gagnier reported that the addition to the O'Connell inn will be opened in the fall.

Mrs. L. Maynard reported 68 boxes in St. Mary's Home, including 18 hosiery and 20 government vests.

Mrs. Gagnier, CWL representative on the Community Chest, stated the desperate need for workers in the completion. She said that the CWL had raised more than

# Record Entries For Horse Show

Keen Competition Is Promised  
For 40th Annual Spring Event

**1 F—RECORD ENTRIES**—Horse Special  
Edmonton's 40th Annual Spring Horse Show will officially get underway at the Arena Wednesday at 7:45 p.m.

The yearly four-day classic, conducted by the Edmonton Exhibition Association, promises to go on record as the best in the history of the event.

Heralded as the finest light horse show ever staged in Edmonton, this year's affair has attracted a record breaking entry list.

More than 400 horses have been entered by 136 exhibitors. The majority of entries are from Edmonton and district horse breeders and exhibitors.

**TOP HORSES COMPLETE**  
Visiting horsemen competing for the \$4000 in cash prizes total 26, and some of Canada's finest horses will be contesting for top laurels.

Jumpers, Hunters, Handicappers, Carriage horses, Saddle and novelty classes will participate.

In addition, junior riding, and jumping competitions will be featured.

**OUTSTANDING ATTRACTION**  
Outstanding attraction of the show will be the appearance nightly of the famed six hackneys, owned by E. Preston Graham, of Preston, Ontario. The little high steppers will be displayed in single harness and double harness and their performance is expected to prove highly pleasing.

One of the principal exhibitors is Victor Sifton, of Winnipeg, whose stable is expected to carry off a fair share of the prizes. Such high class "timber-toppers" as Misty Moon and The Witch, of the Sifton stable will take a lot of beating.

Mrs. H. L. Phillips' Gay Lad, of Calgary; Gary Lad, owned by Dr. H. M. Graham, Regina and Humbering Hunter of Lillooet Stables, Brandon, are other top ranking jumpers competing.

Another outstanding horse competing is Golden Knight, owned by Gloria Klaver of Calgary, who will be likely entered in the Palomino stallion three-year and over class.

In this event he will come up against Edmonton's Blonde Farn, owned by the prominent local horsebreeder, Lee Williams.

Blonde Farn, a California golden colored beauty was sired by Danver out of Nikkie's Blonde, and topped this event at Edmonton

last year. Golden Knight is expected to also compete in the Maiden Glamour class.

Tommy Wilton's Packard Ranch of Falkland, B.C. is also expected to share in the prize winning stable horse class, in which several fine horses, Ill Jacker, Giesing and Home Service topped the list.

**COMPETITION KEEN**  
Joy Patterson's Honor Bright, who will be competing in the Saddle Horse class, is another outstanding horse, who is expected to fare well.

While Edmonton exhibitors consider that the visiting horses will offer plenty of competition, they are counting on taking a long share of the prizes.

The events promises to provide plenty of keen competition as well as a high class horse exhibition. The show will feature a different performance every night with a matinee Saturday as well as the evening affair.

## Hackney Ponies To Be Featured

Feature attraction at the 40th annual spring horse show will be the appearance nightly of the famed hackneys from the stables of E. Preston Graham, of Preston, Ontario.

The high-stepping ponies are being displayed at the show in homes that western horsemen will become interested in.

The little-known but prized breeders will display their wares twice nightly throughout the four-day show.

They will first be shown in single harness and later in double harness.

Reported to rank with the best hackneys in the Dominion, the E. Preston Graham ponies promise to treat the spectators to a fine performance.

LEE WILLIAMS

## City Horse Owner Has Champ Threat

One of Edmonton's leading horse breeders, Lee Williams, faced well at Calgary's 4th Annual Spring Horse Show.

His three-year-old Blonde Farn was named grand champion Palomino stallion at the southern spring horse classic last week.

The California gold-colored beauty was sired by Danver out of Nikkie's Blonde, the latter being well known to local horse racing followers.

Blonde Farn won the Palomino Stallion award at Edmonton's Spring Horse Show last year and is expected to be the leading threat to top the silverware again.

It is the intention of Owner Williams to try for new laurels with Blonde Farn at the Toronto fall horse show this year.

## Sifton Stables Show Many Noted Equines

One of the chief exhibitors at the 40th annual spring horse show will be the Victor Sifton stables of Winnipeg.

The Manitoba stable boasts of some of the finest time-traveling show horses in Canada and should field a good class of competitors.

### NOTED HORSES

Among the more noted horses scheduled to carry the Sifton colors is the sweet moving jumper, Misty Moon, who should make himself mightily interesting for other "timber-toppers" in the jumping events.

The Wilton is another top ranking thoroughbred expected to con a share of laurels.

Tim Nelson, professional rider for the Sifton Stables is also full of praise for the chances of Copper King and Glorin, two more stellar performers with the Winnipeg stables.

The Sifton stables have a number of big, well fitted jumpers and local entries will have to be at their best if they wish to take home a share of the prize money.

VICTOR SIFTON

## Philanthropist Robbed Of \$124,341

LE MARSH, 75, May 18.—(AP)—Herman Schultz, 75, Le Marsh millionaire bachelor who recently began giving away his fortune, reported that a safe containing \$124,341 in cash was stolen from his home Saturday night. Most of the money was in \$1,000 bills.

## Smoke Problem

OTTAWA, May 18.—(CP)—Transport Minister Chevalier told the commons last night he has asked the Board of Transport Commissioners to form a committee to study the smoke problem in congested areas.

## FLOWER MONEY FIGHTS CANCER

VANCOUVER, May 18.—(CP)—At his own request, there will be no flowers at the funeral of Earl M. Bennett, 45, former president of the Junior Board of Trade, who died Sunday.

Bennett asked that his friends, instead of sending flowers to his funeral, make a donation to the cancer fund to help find a cure for the dread disease.

A student of civic affairs, he was past chairman of the Town Planning Commission and of the Vancouver Building Owners' and Managers' Association.

## Largest Salvage Job To U.S. Firm

JAMESTOWN, N.Y., May 18.—(AP)—A spokesman for Lipsitt Inc., said yesterday the company is about to start what he called the largest salvage job in history, clearing of war supplies from the Marshall Islands.

The Chinese government even title to the scrap on the western Pacific islands where the United States had its largest U.S. bases.

Estimates the value of the scrap at \$10,000,000, he said.

## Winnipeg Begins Big Works Program

WINNIPEG, May 18.—(CP)—Winnipeg's \$2,000,000 local improvements program got under way yesterday, employees of the engineering department commencing double-shift work.

W. D. Hurst, city engineer, said "if supplies of cement last and council authorities expenditures, there is no reason why the program should not be completed this season."

BRIDGE

Stops in Four Suits

Is Defense Downfall

By William E. McKenney

Today's hand was played by Maynard Adams of Chicago, and his partner was Helen T. Wood, a real estate operator of Indianapolis. It is characteristic of the Indianapolis players that they like to bid right up to the hilt. Therefore, it was not surprising to find this pair the only one in the room to arrive at seven no trump. It would not have surprised me if Wood had

Opening—J 18

Jumped to seven no trump over Adams' bid of three no trump.

When the dummy went over the situation looked rather hopeless. West had the spades diamonds and the clubs stopped. East had the heart suit stopped. However, the very fact that they had all four suits stopped proved to be their downfall.

Adams was the opening lead of the jack of diamonds in dummy with the king, and exiled the ace

of hearts. When the queen dropped from the West hand, Adams figured that West had four of each of the other suits. If this was true, he knew that he would have West in a progressive squeeze with the king of hearts, and West discarded the eight of clubs. But when the jack of hearts was led, his defense held. If he let go the eight of diamonds, Adams would proceed to run the diamond suit, and on the last diamond West would be squeezed again. He decided to discard the nine of clubs.

Adams then cashed dummy's ace of clubs and came over to his hand with the ace of diamonds. His king of Clubs dropped West's queen.

The declarer then claimed the rest of the tricks. Two hearts from dummy could be discarded on the two good clubs in declarer's hand. The losing spade could be discarded on the queen of diamonds, and dummy's ace king and queen of spades were good for the rest.

Property Owners

Ask Flood Damage

From Man. Govt.

MINNEAPOLIS, Man., May 15. — (CP)—A group of local property owners have opened discussions with the Manitoba government regarding damages suffered when flood waters last week swept through the town, 120 miles west of Winnipeg, it was learned today.

The group, contending the Manitoba River Commission as owners of the Minnedosa dam has some responsibility for failure of the structure, has retained W. G. Ferguson to prepare a detailed submission of the question, to be presented at a later date to the provincial government and the power commission.

## U. Budget Triples In Last 7 Years

### Varsity President Tells Of Institution's Growth

University of Alberta budget during the past seven years has tripled in size.

It has increased from \$1,089,000 to \$3,080,000 between 1941 and 1948.

This was stated Tuesday afternoon by Dr. Robert Newton, Varsity president, in a report to the 37th annual U. of A. convocation in McDougall United Church.

### PURCHASE OF GRADERS MAY BE MADE

The City of Edmonton will endeavor to augment its road maintenance equipment through purchases of American graders which could be used in the repair of city streets.

Assistant City Engineer J. A. D. MacDonald will fly to Whitehorse to attend the sale and will purchase equipment which could be used in the repair of city streets.

City Commissioner D. B. Menzies stated today that graders have been on order with implement firms for a considerable time, but delivery of these implements is very uncertain.

He said the companies cannot give any firm date for delivery.

## City Man Committed

Preliminary hearing against Mike Yaciuk, Arcade Building, was held in police court today.

Yaciuk is charged with possessing an offensive weapon. Charges arose out of an incident May 10 in a downtown taxi office when Yaciuk was said to have been found with a 9-millimetre Luger pistol in his possession.

Constable George Watson, on the witness stand today, told of hearing a shot from inside the taxi office, on May 10.

The constable told the court he found Yaciuk on the floor with the pistol under his chest.

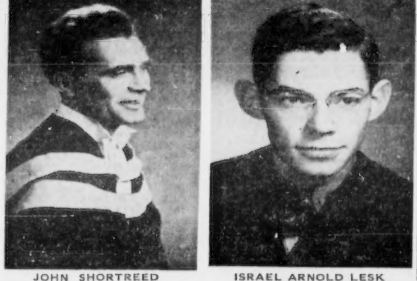

The pistol was confiscated and an investigation Watson said he found one expended cartridge casing in the breach.

No hole or trace of the fired bullet was found in the room, the constable testified.

Yaciuk's wife was said to have been in the room at the time of the incident.

Magistrate Simpson remanded the accused for trial at the next sitting of the supreme court.

Yaciuk was released on \$1,000 bail.

## Sixty Graduates Win Scholastic Rewards

Approximately 60 graduands from the University of Alberta have won prizes and awards for brilliant studentship this year.

Their number represents about six per cent of the 868-member graduating class.

Eight of these students are particularly noteworthy for their scholastic achievements.

They are: Ruth Olive Ann Renner, Israel Arnold Lesk, Thomas George Halford, Lloyd Norman Kjørven, John Winfred Karzan Shortreed, Michael Ernest Chonko, Marion Ethel Brennan, Donald Anton Zuck.

Ruth Renner, of Midnapore, one of two co-eds graduating in agriculture this year, has won the gold medal given by the Alberta branches of the Agricultural Institute of Canada. She earned first class general standing in her marks (i.e., honor standing), and will receive her degree "with distinction."

Israel Arnold Lesk, of Medicine Hat, is a long-time award winner. Entering University four years ago on a scholarship, he has completed his studies in engineering physics.

Thomas George Halford, of Edmonton, graduates with first class general standing. He has won the T. Eaton Company's gold medal in commerce, and the Institute of Chartered Accountants prize.

Lloyd Norman Kjørven, of Cabri, Sask., has won the Alberta Dental Association prize. He is the only prize-winning graduating dentist in the history of that faculty.

John Winfred Karzan Shortreed, of Hardisty, graduates in law with first class general standing, and wins a University honor prize. He has been awarded the Chief Justice's gold medal in law, and the Carwell prize in the law faculty.

Michael E. Chonko, of Edmonton, graduate in the new four-year course in medicine. He has won the Mosher Memorial medal for his class, and tied with A. L. Hepburn, of Edmonton, for the College of Physicians and Surgeons of Alberta prize in medicine.

Marion Ethel Brennan, graduating nurse from Dayland, has been awarded the President of the University gold medal in nursing. Also, she has won the prize in obstetrical nursing offered by the dean of medicine.

Donald A. Zuck, Saskatoon, Sask., receives his degree in pharmacy. He has won the Alberta Pharmaceutical Association gold medal, and graduates with first class general standing. In 1946 he was awarded the Frost Proficiency prize for first year pharmacy. In 1947 he got the Alberta Pharmaceutical Association prize and Canadian Foundation for the Advancement of Pharmacy scholarship for second year pharmacy.

## Mosquito Battle Needs Planning

### Entomologist Doubts Efficiency Of Short Term Control

Civic plans for "Operation mosquito" may prove ineffective, J. H. Brown, provincial entomologist, opined today that only very thorough and proper control methods will have any lasting results.

There are 32 varieties of mosquito in Alberta, most of which breed from the human blood stream, he explained.

They choose different meal-times, too, according to Mr. Brown, who said some of them strike only in the daytime, while others sneak up under cover of darkness for a nibble at unprotected skin.

Then there's the mosquito monster zooming about in the darkness making a noise like a banshee. LOTS OF ALL KINDS

And there's going to be lots of all kinds this year, Mr. Brown predicted.

"I'm no prophet, but I think it would be scientifically accurate to predict plenty of mosquitoes this year," he said.

Surveys last summer and this spring in possible breeding places show plenty of "wrigglers" or mosquito larvae.

With a normal season, the insects would already be hatching, the provincial entomologist said, however, it has been too cold for the little demons to develop properly this spring.

"The water in which they develop must reach about 65 degrees in temperature before they take to the air," he explained.

Use of crank-case oil mixed with DDT as a spray for mosquito control might not be too effective, Mr. Brown said, commenting on a suggestion made last week to the Federation of Community Leagues who were discussing the danger of a mosquito plague this year.

NOT TOO EFFECTIVE He said crank-case oil or cheaper types of fuel oils and distillates tend to form "blobs" on the water and do not form a film over the water surface to prevent the release of the insects when developed.

He suggested the use of a proper "mosquito oil" mixed with DDT as a temporary method of control.

He doubted that the indiscriminate spraying of possible breeding spots with the cheaper oils would produce any results, he said.

Only real method of control of mosquitoes calls for long-range planning, he said, and consists of a program of breeding and control.

Short-term results might be obtained from a properly-conducted spray campaign, he added.

EXPERT ADVICE The Federation of Community Leagues would be well-advised, he said, to obtain the services of a university student studying entomology or of some other competent authority to give advice on location of breeding spots and on methods of spraying for the greatest effect.

Speaker at the community league meeting had mentioned "wild" and "domestic" varieties of mosquitoes. "So far as I am concerned, they're all wild," Mr. Brown laughed.

Cadet Parade Sea Cadets of RSCC Warrior will parade in the drill hall of HMCS Norwich at 7:30 p.m. Tuesday. All cadets are to parade in uniform. Rig of the day: white caps and flannels.

Fishing Druggers Reach Halifax HALIFAX, May 18.—(CP)—Four new fishing druggers, the first Maritime craft to engage in the winter trawl for rose fish off the Nova Scotia coast, will arrive here today.

Double Protection At Low Cost The Continental Life Double Protection Policy is the desirable plan for the young married man. For the same low annual premium, the policy it gives your family double the protection during the years when your income is lower and protection most needed. It matures as an endowment to add to your financial independence.

So in addition to the many years of low-cost protection featured, there is the endowment feature—substantial profits—and increasing cash values. Ask your Continental Life Representative about the Double Protection Policy today.
